Draper Esprit VCT Prospectus

February 2021

Draper Esprit

This document constitutes a prospectus dated 16 February 2021 (the "**Prospectus**") issued by Draper Esprit VCT plc (the "**Company**"), prepared in accordance with the Prospectus Regulation (EU) 2017/1129 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 (the "**Prospectus Regulation**"). This Prospectus has been approved by the Financial Conduct Authority ("**FCA**") as competent authority under the Prospectus Regulation. The FCA only approves this Prospectus as meeting the standards of completeness, comprehensibility and consistency imposed by the Prospectus Regulation. Such approval should not be considered an endorsement of the Company or of the quality of the securities that are the subject of this Prospectus and investors should make their own assessment as to the suitability of investing in the securities. This prospectus has been drawn up as part of a simplified prospectus in accordance with Article 14 of Prospectus Regulation.

A brief summary written in non-technical language and conveying the essential characteristics and risks associated with the Company and the Ordinary Shares of 5p each in the capital of the Company (the "**New Ordinary Shares**") which are being offered for subscription (the "**Offer**") is contained in a summary on pages 4 to 10 of this document, however you are advised to read the Prospectus in full.

The Company and the Directors (whose names are set out on page 63) accept responsibility for the information contained in the Prospectus. To the best of the knowledge of the Company and the Directors, the information contained in the Prospectus is in accordance with the facts and the Prospectus makes no omission likely to affect its import.

DRAPER ESPRIT VCT PLC

(Incorporated in England and Wales under the Companies Act 1985 with registered number 03424984)

OFFER FOR SUBSCRIPTION

for the tax years 2020/21 and 2021/22

Target Fundraise: £5 million plus over-allotment facility of £15 million

(Up to a maximum of 45,000,000 New Ordinary Shares)

The Offer will be open from 11.00 a.m. on 16 February 2021 until the earlier of 4.00 p.m. on 31 July 2021 (or such later date as the Board may decide) and the date on which the relevant Maximum Subscription is reached. Applicants who wish to have some or all of their New Ordinary Shares allotted in the tax year 2020/21 must return their completed Application Form by 10.00 a.m. on 1 April 2021. The Offer is not underwritten nor subject to reaching a minimum subscription level.

Shares issued by the Company to Existing Shareholders are listed on the Official List of the FCA and traded on the London Stock Exchange's market for listed securities. Application will be made to the FCA for all of the New Ordinary Shares to be issued pursuant to the Offer to be listed on the Official List and will be made to the London Stock Exchange for the New Ordinary Shares to be admitted to trading on its main market for listed securities. It is expected that Admission to the Official List will become effective and that dealings in the New Ordinary Shares will commence three Business Days following allotment. The New Ordinary Shares will rank *pari passu* with the Shares held by Existing Shareholders from the date of issue.

The minimum subscription per Investor under the Offer is £6,000. Details on the procedure for lodging Application Forms, which may be done online or through the post, are set out on page 71.

The Offer is not being made, directly or indirectly, in or into any jurisdiction other than the United Kingdom and should not be distributed, forwarded or transmitted in or into any other territory.

SPARK Advisory Partners Limited ("**Sponsor**"), which is authorised and regulated in the UK by the FCA, is acting as sponsor for the Company and no-one else and will not be responsible to any other person for providing the protections afforded to customers of the Sponsor or for providing advice (subject to those responsibilities and liabilities arising under the Financial Services and Markets Act 2000 ("**FSMA**") and the regulatory regime established thereunder).

In connection with the Offer, Elderstreet Investments Limited ("**Elderstreet**"), the promoter of the Offer and investment manager to the Company, is acting for the Company and no-one else and will not be responsible to anyone other than the Company for providing the protections afforded to customers of Elderstreet or for providing advice in relation to the Offer (subject to those responsibilities and liabilities arising under FSMA and the regulatory regime established thereunder). Elderstreet is authorised and regulated in the UK by the FCA.

If Investors have any questions regarding this investment, they should contact their own financial intermediaries. Intermediaries may wish to contact RAM Capital, who are acting as marketing advisers in respect of the Offer, on 0203 006 7530 or by sending an e-mail to taxsolutions@ramcapital.co.uk. Prospective Investors should note that no investment, tax or legal advice can be given by RAM Capital or Elderstreet.

What are the key risks that are specific to the Issuer?

- The value of the Shares and the income from them can fluctuate and Investors may not get back the amount invested. In addition, there is no certainty that the market price of the Shares will fully reflect the underlying Net Asset Value, and that Shareholders will be able to realise their shareholding or that dividends will be paid.

- The Net Asset Value of the Shares will reflect the values and performance of the underlying assets in the respective portfolios. The value of the investments and income derived from them can rise and fall. Realisation of investments in small unquoted companies can be difficult and may take considerable time.
- VCTs may only invest in companies which pass a "risk to capital" gateway test requiring the investee company to have long term growth and development objectives and for the investment to carry a significant risk that invested capital will be lost over and above the net return to the Company. This new test inherently increases the risk profile of companies in which the Company can invest going forward and stands in contrast to those in which the Company has historically invested, many of which may not have passed this gateway test due to their ownership of significant assets or their enjoyment of secured income streams and may ultimately negatively impact Shareholder returns if there are portfolio losses.
- Investment in smaller and unquoted companies involves a higher degree of risk than investment in larger companies and those traded on the main market of the London Stock Exchange. Markets for smaller companies' securities may be less regulated and are often less liquid, and this may cause difficulties in valuing and disposing of equity investments in such companies.
- The Company is required to operate within the constraints of the VCT legislation and there can be no guarantee that the Company will retain its status as a VCT, the loss of which could lead to adverse tax consequences for investors, including a requirement to repay the 30% income tax relief. The tax rules, or their interpretation, in relation to an investment in the Company and/or the rates of tax may change during the life of the Company and may apply retrospectively which could affect tax reliefs obtained by Shareholders and the VCT status of the Company.
- Notwithstanding the agreement of a trade deal following the UK's departure from the European Union ("EU"), the future regulatory environment in which the Company will operate is inherently uncertain as the Company is impacted by European-led State aid legislation and other EU regulatory frameworks which have yet to be substantively replaced. Macro-economic changes such as Brexit, and the uncertainty surrounding it, could also lead to fewer willing buyers for the Company's investments and a reduction in exit values ultimately impacting Shareholder returns.
- The coronavirus pandemic has had a substantial impact on many businesses and is expected to have a significant and long-lasting impact on the UK and global economies. The impact that this has on existing portfolio companies and those in which the company may invest in the medium and long term, is difficult to predict. Existing and future portfolio companies may lose value or fail as a result of the ongoing effects or aftermath of the pandemic, resulting in a reduction in the value of Investors' shares.

SECTION 3: KEY INFORMATION ON THE SECURITIES

What are the main features of the securities?

The securities being offered pursuant to the Offer are Ordinary Shares of 5 pence each (ISIN: GB0002867140). The New Ordinary Shares will be issued pursuant to resolutions passed by the Shareholders of the Company at the Company's annual general meeting which was held on 22 September 2020.

The New Ordinary Shares will rank equally in all respects with each other and with the existing Ordinary Shares. Shareholders will be entitled to receive certificates in respect of their New Ordinary Shares and will also be eligible for electronic settlement.

The New Ordinary Shares will be listed on the premium segment of the Official List and, as a result, will be freely transferable.

Where will the securities be traded?

Applications will be made to the FCA for the Ordinary Shares offered for subscription pursuant to the Prospectus to be admitted to the premium segment of the Official List of the FCA. Application will also be made to the London Stock Exchange for the New Ordinary Shares to be admitted to trading on its main market for listed securities. It is expected that admission will become effective and that trading in the New Ordinary Shares will commence three business days following allotment.

Is there a guarantee attached to the securities?

There is no guarantee attached to the New Ordinary Shares.

What are the key risks that are specific to the securities?

- Although the Shares will be listed on the London Stock Exchange, it is highly unlikely that a liquid market in these Shares will develop as the initial VCT income tax relief is only available to those subscribing for new shares. It may, therefore, prove difficult for Shareholders to sell their Shares and there is no guarantee that the market price of the Shares will fully reflect their underlying NAV.
- Shareholders should be aware that the sale of New Ordinary Shares within five years of their subscription will require the repayment of some or all of the 30% income tax relief obtained upon investment. Accordingly, an investment in the Company is not suitable as a short or medium term investment.
- Shareholders should note that if they have sold, or if they sell, any Shares within six months either side of the subscription for the New Ordinary Shares, then for the purposes of calculating the tax relief on the New Ordinary Shares the subscribed amount must be reduced by the amount received from the sale.
- The Finance Act 2014 amended the VCT regulations, such that VCT status will be withdrawn if, in respect of shares issued on or after 6 April 2014, a dividend is paid (or other forms of distribution or payments are made to investors) from the capital received by the VCT from that issue within three years of the end of the accounting period in which shares were issued to investors. This may reduce the amount of distributable reserves available to the Company to fund dividends and share buybacks.

SECTION 4: KEY INFORMATION ON THE OFFER OF SECURITIES TO THE PUBLIC

Under which conditions and timetable can I invest in this security?

The Offer opens on 16 February 2021 and will close on 31 July 2021 subject to the discretion of the Directors to extend the Offer or close it early. The Offer will also close early if full subscription is reached. Investors must be over 18 years old.

Application has been made to the FCA for the New Ordinary Shares to be admitted to the Official List of the FCA. Application will also be made to the London Stock Exchange for such New Ordinary Shares to be admitted to trading on its market for listed securities. It is expected that Admission will become effective and that trading in the New Ordinary Shares will commence three Business Days following allotment.

The number of Shares to be issued to each Applicant will be calculated based on the following Pricing Formula (rounded down to the nearest whole Share):

$$\text{Number of New Ordinary Shares} = \left[\begin{array}{c} \text{Amount subscribed, less:} \\ \text{(i) initial Promotion Fee and} \\ \text{(ii) Initial Adviser Charge or} \\ \text{commission (if any)} \end{array} \right] \div \left[\begin{array}{c} \text{Latest published} \\ \text{NAV per Offer Share} \end{array} \right]$$

The estimated expenses of the Offer will be 5.5% of the funds raised (assuming investment solely by investors in respect of whom commission is payable). If the Offer is fully subscribed the net proceeds of the Offer would be approximately £18.9 million (assuming full use of the over-allotment facility).

An existing holder of Ordinary Shares who does not subscribe for New Ordinary Shares pursuant to the Offer would experience no dilution in terms of NAV per share (as the assets of the Company will be increased by the proceeds of the Offer and the upfront costs of the Offer are borne by subscribers) but will experience dilution in terms of voting. The Company will pay an annual trail fee to the Promoter who will be responsible for paying trail commission. This is not borne by subscribers through the application of the above Pricing Formula. All others incidental costs of the Offer will be borne by the Promoter from its fee.

The Offer is not underwritten. The Offer is conditional on the approval by Shareholders of the Promoter Agreement at the general meeting of the Company to be held on 17 March 2021.

Why is this prospectus being produced?

The Offer is being made, and its proceeds will be used, to raise additional funds raised under the Offer to be invested in accordance with the Company's investment policy. The Company is a technology focused VCT. Funds raised under the Offer will, no later than three years following the end of the accounting period in which those shares are issued, be invested as to at least 80% in VCT qualifying companies with 30% of such funds so invested within the first 12 months. The remainder of such funds raised will be held in cash or other permitted non-qualifying investments.

Consent to use prospectus

The Company and the Directors consent to the use of this Prospectus and accept responsibility for its content also with respect to the subsequent resale or final placement of securities by any financial intermediary which was given consent to use this prospectus. The period for which consent to use this prospectus is given and the offer period within which subsequent resale or final placement of securities by financial intermediaries can be made commences 16 February 2021 and closes on 31 July 2021 (subject to the extension of the Offer at the discretion of the Directors). All financial intermediaries may use this Prospectus for subsequent resale of final placement of the securities in the UK. There are no conditions attaching to this consent.

Investors should note that no New Ordinary Shares will be allotted prior to the payment of the dividend due for payment in March 2021.

PART 1

RISK FACTORS

Investors should consider carefully the following risk factors in addition to the other information presented in this document. If any of the risks described below were to occur, it could have a material effect on the Company's businesses, financial condition or results of operations. The risks and uncertainties described below are not the only ones the Company, the Board or current and prospective Shareholders will face. Additional risks not currently known to the Company or the Board, or that the Company or the Board currently believe are not material, may also adversely affect the Company's businesses, financial condition and results of operations. The value of Shares could decline due to any of these risk factors, and Investors could lose part or all of their investment. Investors who are in any doubt about what to do should consult their independent financial adviser. The attention of prospective Investors is drawn to the following risks:

Risks relating to the Company

Valuation and sale of Shares

The value of the Shares and the income from them can fluctuate and Investors may not get back the amount invested. In addition, there is no certainty that the market price of the Shares will fully reflect the underlying Net Asset Value, that Shareholders will be able to realise their shareholding or that dividends will be paid.

Value of underlying assets

The Net Asset Value of the Shares will reflect the values and performance of the underlying assets in the respective portfolios. The value of the investments and income derived from them can rise and fall. As is to be expected from a diverse portfolio, some investments are not performing to plan and it may ultimately be difficult to realise full, or any, value from such investments. Realisation of investments in small unquoted companies can be difficult and may take considerable time. The Company notes the recent volatility in the USA quoted technology markets which may have a negative effect on valuations in the UK.

"Risk to Capital" Test

Changes to the VCT regulations in respect of investments made on or after 15 March 2018 have meant that VCTs may only invest in companies which pass a "risk to capital" gateway test requiring the investee company to have long term growth and development objectives and for the investment to carry a significant risk that invested capital will be lost over and above the net return to the Company irrespective of whether the return takes the form of income, capital growth, fees, other payments or anything else. This new test inherently increases the risk profile of companies in which the Company can invest going forward and stands in contrast to those in which the Company has historically invested, many of which may not have passed this gateway test due to their ownership of significant assets or their enjoyment of secured income streams, and may ultimately negatively impact Shareholder returns if there are portfolio losses.

Nature of smaller companies

Investment in smaller and unquoted companies involves a higher degree of risk than investment in larger companies and those traded on the main market of the London Stock Exchange. To be qualifying holdings, VCT funds must be invested in smaller companies with gross assets of not more than £15 million prior to the investment and £16 million post investment. In addition, to be qualifying holdings, VCT funds must be invested in companies which have no more than 250 full time (equivalent) employees and do not receive more than £5 million of investment from state aided risk capital sources in the 12 months ending on the date of the VCT's investment ('knowledge Intensive' companies must have fewer than 500 employees and may receive up to £10 million of state aid risk finance investment in any 12 months). Smaller companies who meet these criteria generally have limited product lines, markets or financial resources and may be more dependent on their management or key individuals than larger companies. Markets for smaller companies' securities may be less regulated and are often less liquid, and this may cause difficulties in valuing and disposing of equity investments in such companies.

VCT legislation

There may also be constraints imposed on the realisation of investments in order to maintain the VCT status of Investee Companies which may restrict the Company's ability to obtain maximum value from its investments or to achieve the intended timing of distributions. For example, the Company must maintain at least 80% of its portfolio in VCT Qualifying Investments.

Whilst it is the intention of the Directors that the Company will be managed so as to continue to qualify as a VCT, there can be no guarantee that this status will be maintained. A failure to meet the qualifying requirements could result in the loss of tax reliefs previously obtained, resulting in adverse tax consequences for Investors, including a requirement to repay the income tax relief obtained, and could also cause the Company to lose its exemption from corporation tax on capital gains.

VCT restrictions

Changes to the VCT regulations in 2018 have prohibited the making of secured loans by VCTs. Future loan capital held by the Company will therefore be unsecured and will rank behind secured creditors of the investee company in question. As loan capital investments by a VCT are separately restricted to a maximum of 30% of any new investment, and Investee Companies which meet the above noted "risk to capital" test tend not to be able to provide significant assets against which to secure loans in any case, the Board do not consider that this restriction further materially increases the risk profile of new investments made by the Company.

The Finance (No.2) Act 2015 introduced changes to the VCT regulations which have placed greater restrictions on the range of investments into which the Company can deploy funds. As a result, the Company is required to invest in businesses which are less than seven years old (less than 10 years for 'knowledge intensive' companies) and VCT funds cannot be used to finance acquisitions by investee companies. The penalty for breaching these new rules is the loss of VCT status, so the Company and its investors may face a higher risk of the loss of tax benefits than under the previous rules. Qualifying investee companies are also now subject to a lifetime risk finance investment limit of £12 million (£20 million for 'knowledge intensive' companies), which may restrict the Company's ability to make follow on investments, which may ultimately negatively impact Shareholder returns.

Risks relating to the wider economic environment of the UK

Brexit

Notwithstanding the agreement of a trade deal following the UK's departure from the European Union ("EU"), the future regulatory environment in which the Company will operate remains inherently uncertain as the Company is impacted by European-led State aid legislation and other EU regulatory frameworks which have yet to be substantively replaced. Macro-economic changes such as Brexit, and the uncertainty surrounding it, could also lead to fewer willing buyers for the Company's investments and a reduction in exit values ultimately impacting Shareholder returns.

COVID-19

The coronavirus pandemic has had a substantial impact on many businesses and is expected to have a significant and long-lasting impact on the UK and global economies. The impact that this has on existing portfolio companies and those in which the company may invest in the medium and long term, is difficult to predict. Existing and future portfolio companies may lose value or fail as a result of the ongoing effects or aftermath of the pandemic, resulting in a reduction in the value of Investors' shares.

Risks relating to the Ordinary Shares

Liquidity

Although the Company's Ordinary Shares will be listed on the London Stock Exchange, it is highly unlikely that a liquid market in these Shares will develop as the initial VCT income tax relief is only available to those subscribing for new shares and there may never be two competitive market makers. It may, therefore, prove difficult for Shareholders to sell their Shares. In addition, there is no guarantee that the market price of the Shares will fully reflect their underlying NAV or the ability to buy and sell at that price. It should be noted that shares held in VCTs usually trade at a discount to their net asset value. There is a buyback policy set out in this Prospectus, which is subject to certain restrictions, such as where the Company lacks sufficient cash reserves to purchase its own Shares and during prohibited periods when the Company is unable to purchase its own Shares. The Board intends to buyback Ordinary Shares in accordance with the buyback policy stated in this Prospectus, subject to liquidity and cash resources, which should help to reduce the share discount price.

Minimum holding period

Shareholders should be aware that the sale of New Ordinary Shares within five years of their subscription will require the repayment of some or all of the 30% income tax relief obtained upon investment. Accordingly, an investment in the Company is not suitable as a short or medium term investment.

"Six month" rule

Shareholders should note that if they have sold, or if they sell, any Shares in the Company within six months either side of the subscription for the New Ordinary Shares, then for the purposes of calculating the tax relief on the New Ordinary Shares the subscribed amount must be reduced by the amount received from the sale.

Restriction on dividends from capital

The Finance Act 2014 amended the VCT regulations, such that VCT status will be withdrawn if, in respect of shares issued on or after 6 April 2014, a dividend is paid (or other forms of distribution or payments are made to investors) from the capital received by the VCT from that issue within three years of the end of the accounting period in which shares were issued to investors. This may reduce the amount of distributable reserves available to the Company to fund dividends and share buybacks.

CHAIRMAN'S LETTER

Draper Esprit VCT plc

16 February 2021

Dear Shareholders/Investors

New £5 million public offer for Ordinary Shares

The board of Draper Esprit VCT plc (the "**Company**") is pleased to offer, once more, an opportunity to invest in this highly rated, VCT with its consequent tax advantages. The Company is a successful VCT, with a high analyst's score, generating tax free income from a portfolio increasingly focused on knowledge intensive technologies.

We are also delighted to announce that Draper Esprit plc has acquired Elderstreet Investments Limited and is now your new VCT Manager. Since the deal sharing association with Draper Esprit plc was signed in November 2016, the prospects of this VCT have been transformed. Draper Esprit plc is a leading venture capital investor in the UK and European technology sector, floated on the AIM market in June 2016 and at the time of writing has a market capitalisation of over £1 billion. The Draper Esprit plc team has a wealth of experience. The team has now operated for 14 years and, prior to that, its members worked in leading firms in the venture capital industry.

The Company's investment in new technology is led by that highly regarded, Draper Esprit plc investment team with its record of success in knowledge intensive technology investing. Since their involvement in the management of the portfolio, over £42 million has been raised by the Company and at the time of writing over £23 million has been invested into 22 new technology companies. The first exit from the Draper Esprit plc portfolio was made in February 2020 delivering a 2.2 times return on cost and an IRR of 63%.

In the past three years, Draper Esprit plc has scaled their platform to enable access to some of the best deal flow across Europe. Our VCT is one of the funds which, together with Draper Esprit plc itself and the Draper Esprit EIS fund, make up that platform. These co-investment partners bring third party capital, enabling the VCT to obtain investment access into high technology companies that are rarely available to individual investors. Draper Esprit plc's growing leadership in this field has enabled the high-tech entrepreneurs in the portfolio to access the capital they need to grow their businesses, while simultaneously giving our VCT investors exposure to exciting early and growth-stage technology companies.

Draper Esprit plc raised a further £110 million in October 2020 and Martin Davis the CEO of Draper Esprit plc stated: "It is encouraging that in these difficult times the capital markets recognise the key role that technology can play as global economies recover from the pandemic. Our raise this week is a vote of confidence in the great companies that we back, the investment model that we have built, and the future itself. We can now accelerate our plans to help the best entrepreneurs in Europe invent that future."

Launched in June 2016, Draper Esprit plc has generated a total shareholder return of 70.9% in the three years from October 2017 up to the fundraising in October 2020.

For the past five years running Draper Esprit's EIS funds have continued to receive the highest rating from Martin Churchill of Tax Efficient Review, a well-respected VCT analyst, with a score of 89/100.

As a consequence, I am delighted to offer you the chance to invest in the award winning Draper Esprit VCT. Your Board believe that investing in knowledge intensive, high growth technology companies inside a VCT tax wrapper is an attractive investment offering. These technology companies have the potential to grow into valuable companies as shown by the Draper Esprit plc track record on page 21.

At the end of our financial year, the COVID-19 virus led to a global pandemic, the impact of which is clearly profound, both from the perspective of public health and the economic outlook. The necessary restrictions imposed by Governments on businesses and employees in order to contain the spread of the virus significantly curtailed the operations of many businesses across the wider economy, however our technology portfolio remains overall very well positioned, in particular given the expected acceleration in the transition to digital.

The Board believes that the VCT, through the co-investment agreement, provides an excellent opportunity for Shareholders to participate in leading edge investments alongside the widely experienced network of Draper Esprit-associated funds and partners into bigger, as well as better, technology companies. The Board is also independent of Draper Esprit plc and, while Draper Esprit plc may recommend investments, the Board provides added oversight in that it has the right to challenge or even decline investment opportunities.

Managers and management team

The Company's manager is Elderstreet Investments Limited. This is now a wholly owned subsidiary of Draper Esprit plc. As part of taking on the management contract, Draper Esprit plc has asked for various updates to the existing Investment Management Agreement, which have been set out in more detail in a separate circular to Shareholders. A summary of these provisional changes can be found on pages 27 – 29.

Short biographies of the members of the Draper Esprit plc Investment Team are set out on pages 38 – 39.

Portfolio

Today, by percentage of net asset value, Investors in the Offer would be buying into a portfolio made up of 50% Draper Esprit plc technology investments (including investments completed after 30 September 2020 and two new investments 'in legals' at the time of publication), adjusted cash of 23% to be invested in further technology investments, and a legacy portfolio representing the remaining 27% as set out on page 36.

Consequently, if this offer is taken up in full (including the over-allotment facility), once invested, the Company will have over £75 million of net assets of which over £60 million will be allocated predominantly to technology investments, driven by one of the UK's leading technology investment managers.

As to the legacy portfolio, currently 94% of the legacy portfolio is made up of four companies. Two are AIM quoted and the other two are private companies which are profitable engineering and manufacturing businesses.

Dividend policy

Since incorporation, the Company has paid in total dividends of 106.5p per share, and declared a further interim dividend of 1.0p to be paid in March 2021. The Board believes that in a generally low global interest rate environment the possibility of a tax free target dividend yield of 5% represents a good yield and will help to deliver consistent returns in the future. Further details on the potential yields can be found on page 25. Investors should note that the level of dividend is not guaranteed, and no profit forecast is to be inferred or implied from these statements.

Key tax benefits

- 30% income tax relief is available on the amount subscribed up to £200,000, provided the New Ordinary Shares are held for at least five years. Further information on the initial tax benefits can be found on page 45.
- Tax free dividends and capital gains.

Furthermore, the Company's focus on 'knowledge intensive' technology companies is in line with recent changes to VCT investment rules and the Government's drive to refocus VCT investment on higher growth companies.

Next steps

In order to invest please read this Prospectus and then complete the Application Form which is set out at the end of this document. If Investors have any questions regarding this investment, they should contact their own financial intermediaries. For questions relating to an application, please contact the Receiving Agent as set out on page 71. Intermediaries should contact RAM Capital, who are acting as marketing advisers in respect of the Offer, on 0203 006 7530 or by sending an e-mail to taxsolutions@ramcapital.co.uk. Prospective Investors should note that no investment advice can be given by Elderstreet, Draper Esprit plc, RAM Capital or the Company and their attention is drawn to the risk factors set out on pages 13 – 15 of this document.

Yours sincerely

David Brock

Chairman

INFORMATION ABOUT DRAPER ESPRIT VCT PLC

INTRODUCTION

The Company is an established, technology-focused VCT managed by Elderstreet, a subsidiary of Draper Esprit plc. The objective of the Company is to provide good long-term, tax-free returns to Shareholders through a combination of dividends and capital growth. The Company has a track record of providing good returns for its Shareholders. Income from investments and proceeds of profitable realisations have enabled the Board to pay cash dividends of £30.3 million, a total of 106.5p per Ordinary Share to original investors who subscribed at £1.00 (80p after the initial tax relief) at the Company's launch in 1998. The Company has raised approximately £74 million (after expenses) since 1998, has an unaudited net asset value of £55.3 million and is now invested in 30 trading companies, and has committed to two further technology investments pending HMRC Advanced Assurance (source: unaudited half year accounts to 30 September 2020). The Board and Investment Management Team and their families have invested in excess of £830,000 in the Company to date.

The Company now invests in unquoted investments principally in the technology sector. The Company has particular expertise in growing businesses through a 'hands-on' investment style and, in aggregate with the Draper Esprit funds, prefers to be part of a syndicate which holds a significant stake and a board position in its portfolio companies. Draper Esprit plc receive circa 2,500 business plans per annum, meet about 1,000 companies, and make approximately 20 new investments a year.

Background to Draper Esprit plc

In 2016 the Board and the manager, Elderstreet Investments Limited, reached a significant co-investment agreement with Draper Esprit plc to share deal flow, management experience, and investment opportunities, as the Company transitioned from a generalist VCT to a technology focused fund. Following a successful four year co-investment strategy Draper Esprit plc has now acquired the Manager's holding company and is now the ultimate parent of Elderstreet Investment Limited.

Draper Esprit plc is a highly regarded venture capital investor in the UK and European technology sector, floated on the AIM market in June 2016 (AIM: GROW, Euronext Growth: GRW), and at the time of writing has a market capitalisation of over £1 billion. The Draper Esprit plc team has a wealth of experience. The team has now operated for 14 years and, prior to that, its members worked in leading firms within the venture capital industry. Draper Esprit plc is also a part of the Draper Venture Network, details of which can be found on page 39. This global network is a valuable resource for deal flow, market intelligence and further funding.

Karen Slatford, the Non-Executive Chair of Draper Esprit plc commented in the recent Draper Esprit plc results:

> *Draper Esprit has always been focused on investing in the technology of the future and this will be even more critical to help kickstart the global economy. During the year, we have continued to make investments in four key sectors of: (i) consumer technology; (ii) enterprise technology; (iii) digital health & wellness; and (iv) hardware & deeptech. The majority of the portfolio is well positioned to benefit from historic trends, some of which have been accelerated by the impact of COVID-19. Companies focused on secure cloud, automation, online financial services, gaming/ entertainment, and digitalisation are continuing to trade well with minimal disruption and there are indications of strong market growth for high quality companies operating in these areas.*

INFORMATION ABOUT DRAPER ESPRIT PLC

Draper Esprit plc is one of the most active venture capital firms in Europe, investing in high growth technology companies with global ambitions. Draper believe the best entrepreneurs in Europe can build the businesses of the future. Draper Esprit plc fuel its growth with long-term capital, access to international networks and decades of experience building businesses. Draper Esprit IPO'd on the AIM market in June 2016. Since then, Draper Esprit plc have deployed circa £450 million plus capital into fast growing technology companies and have realised over £210 million. In October 2020 Draper Esprit raised gross proceeds of circa £110 million to capitalise on a European VC market which is expanding rapidly but is still less than one quarter of the combined size of the US and European market by value. Draper Esprit plc is actively involved with its investments, taking non-executive positions where appropriate, and has the ability and experience to add value to the investments.

The following diagram shows how the VCT fits into the Draper co-investment structure.

TRACK RECORD OF DRAPER ESPRIT PLC

Prior to the pandemic Draper Esprit plc had a historical track record of delivering returns in excess of 20% over 9 years (across its aggregate portfolio return since 2008). Despite the pandemic, in the year ended March 2020, Draper Esprit plc still delivered strong growth across the business of a 10% gross portfolio fair value increase. For the six months to end September 2020 Draper Esprit plc achieved an increase of 10% in gross portfolio fair value.

Draper Esprit EIS Funds

At the 31 March 2020 valuation and reporting point, Draper Esprit EIS and the prior EIS Funds had made investments in 40 companies. Out of these 40 companies there had been 10 realisations as at that date, comprising seven that were profitable and three that were not. Of the seven profitable exits two returned over 10x gross cash on cash, one was a nil return, and two returned under 1x.

Draper Esprit EIS funds have been the highest rated EIS by Tax Efficient Review for the past six years running, with a latest rating of 89/100.

MJ Hudson Allenbridge also awarded Draper Esprit EIS their highest score for an EIS fund (87/100) in the last year this was provided.

TRACK RECORD OF THE COMPANY

Since its launch in 1998, the Company has paid cash dividends amounting to 106.5p per Ordinary Share. With an unaudited Net Asset Value of 49.9p per Ordinary Share as at 30 September 2020, the Company has produced a total return since launch (cumulative dividends paid up to 30 September 2020 plus NAV) of 154.9p per Ordinary Share, a 93.6% tax-free uplift on the net investment (of 80p per share) of Shareholders who invested at inception.

The returns to 30 September 2020 for a Shareholder with Ordinary Shares who invested in the Company at launch are shown below:

Initial net investment per Ordinary Share[1]	Cumulative cash dividends per Ordinary Share	NAV per Ordinary Share (unaudited)	Total return per Ordinary Share (unaudited)	Tax-free uplift on net investment[2]
80p	105.0p	49.9p	154.9p	93.6%

1 Assumes an investment of 100p per Ordinary Share by a Qualifying Investor, less income tax relief at 20%, resulting in a net investment of 80p per Ordinary Share.

2 The percentage tax-free uplift is the excess of the total return over the initial investment net of tax relief received by Qualifying Investors divided by the initial investment net of income tax relief receivable by Qualifying Investors. **The tax-free uplift has been set out for illustrative purposes only, is not guaranteed, is not necessarily a guide to future performance and no forecast or projection should be inferred.**

3 Not including the 1.5p dividend paid in October 2020.

Since 2005 the Company has raised further capital predominantly in the same share class, with the exception of a 2005 offer of C ordinary shares which were subsequently converted into Ordinary Shares. The performance of each of these fundraisings that have satisfied the five year HMRC tax free holding period qualification test are shown below, including initial tax reliefs.

Tax year of Investment ending 5th April	Rate of Initial Tax relief	Initial investment per Ordinary Share after tax relief	Cumulative cash dividend per Ordinary Share	NAV per Ordinary Share (30-9-20 unaudited)	Total return per Ordinary Share (30-9-20 unaudited)	Increase on investment without initial tax reliefs	Tax-free % increase on net investment
1998	20%	80.0	105.0	49.9	154.9	55%	94%
2005 *	40%	60.0	74.0	33.4	107.4	7%	79%
2006	40%	41.3	75.5	49.9	125.4	82%	203%
2008	30%	64.4	68.5	49.9	118.4	29%	84%
2009	30%	52.3	62.0	49.9	111.9	50%	114%
2010	30%	56.3	59.0	49.9	108.9	35%	93%
2011	30%	54.6	55.0	49.9	104.9	34%	92%
2012	30%	49.5	51.0	49.9	100.9	43%	104%
2013	30%	47.3	47.0	49.9	96.9	44%	105%
2015	30%	50.3	24.0	49.9	73.9	3%	47%

1 The percentage tax-free increase is the excess of the total return per Ordinary Share over the initial investment net of tax relief received by Qualifying Investors divided by the initial investment net of income tax relief receivable by Qualifying Investors. The tax-free increase figures have been set out for illustrative purposes only, are not guaranteed, are not a guide to future performance and no forecast or projection should be inferred.

2 The 2005 numbers and NAV have been adjusted to reflect the merger of the C ordinary share class with the Ordinary Share class at a rate of 0.6691 Ordinary Shares for each C ordinary share.

3 The initial investment per Ordinary Share for the years 2006 to 2015 reflecting the new offers which have 'time qualified' for HMRC purposes reflects the actual offer price at the time of subscription adjusted by the rate of initial tax relief applicable at the time. No offers were made in 2014.

DIVIDENDS

It is the Board's objective to maximise dividends to Shareholders, subject to liquidity, the availability of sufficient distributable profits, capital resources and VCT regulations, and to target a dividend return of a 5% tax free return based on the Estimated Offer Price. Further details on the potential yields can be found on page 24.

The Company currently has distributable reserves of approximately £20 million. Since September 2014, following successful portfolio company exits, special dividends of 20p have been paid per Ordinary Share. In the year to 31 March 2020, dividends of 3.0p per Share were paid. An interim dividend of 1.5p was paid in October 2020. Future dividends are expected to be funded primarily from the Company's distributable reserves, augmented by portfolio exits, rather than loan interest income.

Investors should note that the level of dividend is not guaranteed and no profit forecast should be inferred from these statements.

Regular interim and final dividends will usually be paid in October and March every year although such payment is not guaranteed. An interim dividend of 1.5p per Ordinary Share has been declared and was paid on the 23 October 2020 to Shareholders on the register on 25 September 2020. In addition, special one-off dividends, normally as a result of successful portfolio company exits, have been declared in the past by the Board on an ad-hoc basis.

The following table shows the dividends declared per Ordinary Share each year since inception:

1998	1999	2000	2001	2002	2003	2004

Income Yield on Ordinary Shares

The following table gives an illustration of potential returns to Ordinary Shareholders, assuming a dividend of either 2p, 2.5p or 3p per annum is paid, and the equivalent taxable yield based on the Estimated Offer Price net of 30% income tax relief grossed up for a taxpayer paying 40% or 45% tax on his income. Dividends of 3p per Share were paid in the year ending March 2020.

HISTORICAL EXITS

A table of meaningful successful exits since inception is produced at the end of this section. The average realised return from these exits has been a multiple of 3.2 times cost. It should be noted that a number of these successful exits have been in technology and engineering companies that utilise technology/ have developed valuable IP.

Since inception the total profits of the Company from all realised investments in portfolio companies has been £25.4 million and the realised losses £12.7 million as at 30 September 2020. The realised losses are adjusted to include those non-trading but VCT qualifying companies where expectation of return is zero.

The last meaningful realisation was in February 2020 where the Company sold Pod Point, an electric vehicle charger installation company, realising a profit of £1 million and an IRR of 63%. This is the first exit from the Draper Esprit plc portfolio. Having backed Pod Point through a critical stage in the company's development and supported it through its journey, their new partnership with EDF is an exciting development for the business and a prime example of how Draper Esprit plc is able to help portfolio companies secure important backing from strategic partners.

In July 2018 the Company made a partial realisation of Fulcrum Utilities Group Plc, a gas utilities company quoted on AIM, realising a profit of £0.5 million and an IRR of 24%. The Company retained further shares with a value of £1.19 million as at 30 September 2020 on a cost of £0.38 million.

The Company sold Concorde Solutions Limited ('Concorde') in April 2017 realising a small profit over cost. A further escrow payment was received in October 2018 giving a fully realised IRR of 6%. Concorde had made good progress in building its software product but had failed to make any meaningful sales headway. The Board decided it was therefore better for the Company to sell its holding and to recycle the funds into new investments or dividends.

The Company sold its stake in SMART Education Limited ('SMART') in December 2015, realising a profit of £3.6 million. SMART is a teacher supply agency which the Company first invested in in October 2005. This investment backed an existing successful management team that were previously known to the Manager. A further contractual escrow of £1.5 million was paid in December 2016. Taking this into account the investment will have returned an IRR of 19.5%.

In June 2014, the Company sold its stake in Wessex Advanced Switching Products ('WASP'), realising an initial profit of £8.8 million, and further escrow amounts of £0.9 million. WASP is a manufacturer of military and aerospace switches and lighting products. The investment was made in 1999 and has returned an IRR of over 30%. As a result of this very profitable exit the Board declared a special dividend of 15p per Ordinary Share (amounting in total to £4.5 million) paid in September 2014, representing a significant 15% of the Net Asset Value of the Company at the time.

The prior two exits before WASP were the trade sales of Wecomm Limited in March 2011 to OpenText Corporation and Melorio plc in June 2010 to Pearson plc. The Melorio realisation achieved a multiple return of 2.2 times cost. The Wecomm realisation achieved a 1.2 times multiple of cost.

INVESTMENT POLICY

The policy below was approved by the FCA and by Shareholders at a general meeting on 27 March 2019 and further material changes to this policy will require Shareholders' and FCA approval in accordance with the Listing Rules.

VCT Qualifying Investments

The Company currently holds a portfolio which is mixed by sector, with new investment activity focused on the technology sector.

The Company will continue to invest in a diversified portfolio of companies predominantly in the technology sector, with a particular emphasis on unquoted companies which will usually have the following characteristics:

1. Companies which meet the VCT criteria with the ability to grow, which are seeking growth capital;
2. A strong, balanced and well-motivated management team.
3. Investments where the Manager can typically be an active investor and have a board or observer position;
4. Companies with products or services which have the potential to sustain a competitive advantage; and
5. Companies with reasonable prospects of achieving a trade sale or stock market flotation.

Future VCT Qualifying Investments will usually be syndicated alongside other Draper Esprit funds and are expected to have a deal size of up to the greater of £1.5 million or 10% of the Net Asset Value of the Company with a focus on the following technology sectors:

1. Consumer Technology – companies with exceptional growth opportunities in international markets that are underpinned by new consumer facing products, innovative business models and proven execution capabilities.
2. Enterprise Technology – companies developing the software infrastructure, applications and services that drive productivity improvements, convenience and cost reduction for enterprises.
3. Hardware and Deep Tech – companies developing different technologies that underpin advances in computing, consumer electronics and other industries.
4. Healthcare and Wellness – companies leveraging digital and other technologies to create new products and services for the health and wellness market.

Non-Qualifying Investments

The Company will invest such funds not utilised in VCT Qualifying Investments in cash and other near cash assets, as permitted under VCT regulations.

Risk Diversification

The Company's portfolio will be diversified by investing in a portfolio of VCT qualifying investments covering a number of technology sectors. The maximum that the Company will hold in a single investment (by value at the time of investment) is 15% of funds invested.

Venture Capital Trust regulations

The Company will be managed with the intention of maintaining its VCT status by satisfying a number of tests set out in Part 6 of the Income Tax Act 2007.

Borrowings

It is not the Company's intention to have any borrowings; however, the Company does have the ability to borrow not more than 10% of the aggregate of the nominal capital of the Company (being issued and paid up) plus the amounts standing to the credit of the consolidated reserves of the Company.

Share Buybacks

The Company has from time to time bought back its Ordinary Shares for cancellation. The Company intends to continue to buy back its Ordinary Shares at a discount of approximately 5.0% to the last published NAV, subject to liquidity, VCT regulations and the Listing Rules. The Company intends to acquire its own Ordinary Shares in the market four times each year. The Board will agree the price at which such buybacks are undertaken which will not be more than 95.0% of the last published NAV for the Ordinary Shares although the Board may decide to buy back shares at their discretion at a larger discount subject to VCT regulations, liquidity and the Listing Rules.

The Board reserves the right to allocate Company funds reserved for buybacks across Shareholders wishing to sell on a *pro rata* basis rather than a first come first served basis. This may result in Shareholders only being able to sell a proportion of their holding. The Board believes this to be an equitable policy to apply to those Shareholders who wish to exit.

The implementation of the buyback policy in relation to Ordinary Shares will be at the Board's discretion and subject to the Company's liquidity, and stock market and other applicable regulations.

Distribution of Capital Profits and Dividends

Legislative changes have meant that VCTs can no longer return capital to investors (e.g. by way of dividends paid from cancelled share premium account) within three years of the end of the accounting period in which the relevant shares were issued, where the shares in question were issued post 5 April 2014. New Ordinary Shares issued pursuant to the Offer will be subject to this restriction.

It is the Board's target to pay a tax free dividend of 5% per annum per Ordinary Share going forward. Dividends of 3p were paid in the year ended 31 March 2020. Further details on the potential yields can be found on page 24. Investors should note that the level of dividend is not guaranteed, and no profit forecast is to be inferred or implied from these statements.

The Directors aim to maximise Shareholder returns and, subject to liquidity, VCT regulations and Listing Rules, aim to distribute substantially all available investment income after fees and VCT running costs. Following the change in the year end Interim dividends on Ordinary Shares are expected to be paid in October. Final dividends are expected to be paid in March each year.

THE MANAGER

The Manager has acted as investment manager for the Company since its inception in 1998 (initially, through its wholly owned subsidiary, Elderstreet Private Equity Limited, and since 2009 directly after the Investment Management Agreement in relation to the Company was novated from that subsidiary to itself). The Manager was founded in 1990 and currently has more than £47 million (unaudited) of assets under management. The Manager has expertise in tax efficient investing, including VCTs and EISs, and is a specialist in the smaller company market, the unlisted sector and AIM. The Manager has strong proprietary deal flow and a "hands on" portfolio management style.

The Manager was voted VCT Fund Manager of the Year 2009 and 2010 by the Growth Company Awards. The Company was the winner of Investment Week's 2014 VCT Investment Company of the Year Awards organised by Incisive Media. These awards highlight investment companies that produce consistent performance and where there is, in the judges' opinion, a high likelihood that the investors will not be disappointed in the future.

The Company was runner up in the Growth Investor Awards Exit of the Year 2015. The Exit of the Year award recognizes investment performance against initial targets and value added to the investee business by the fund manager. Assessed in the context of type of exit, a panel of judges based their scoring on entry questions relating to investment performance, value added to the investee business, obstacles to exit and management of risk.

The Manager's holding company, Elderstreet Holdings Limited, was recently acquired by Draper Esprit plc.

The Administration Manager and the Fixed Income Securities Manager

Downing LLP (and previously its predecessor, Downing Management Services Limited) has been the Company's Administration Manager since the Company's inception in 1998 and performs similar services for a number of other VCTs.

In addition to the investment management services provided by the Manager, the Company has appointed Smith & Williamson Investment Services Limited to provide discretionary investment management services in respect of funds not invested in Qualifying Investments that were historically invested in fixed income securities. The percentage of the Company's portfolio presently managed under these arrangements has been 0% since 30 June 2017. Other managers of non-Qualifying Investments may be appointed by the Company from time to time.

VCT Status Monitoring

The Directors have appointed Philip Hare & Associates LLP to advise the Company on compliance with the taxation legislative requirements relating to VCTs.

Management Fees and Charges

The Manager currently receives an annual fee (the "**Annual Fee**") equal to 2.0% of the Net Assets of the Company subject to the expenses cap (see below). The Annual Fee is calculated twice a year on 30 June and 31 December and payable quarterly in advance. Following the acquisition of the Manager by Draper Esprit plc, a New Investment Management Agreement is proposed to be entered into subject to the approval of Shareholders. The annual fee payable under the New Investment Management Agreement will remain at 2.0% of the Net Assets of the Company subject to the existing expenses cap.

Downing LLP receives an annual fee of £65,000 plus 0.1% of new funds raised (excluding VAT) subject to an annual cap of £100,000 for its role as the Administration Manager.

Taking into account the expected long term returns in the form of income and capital gains, it is intended that the Annual Fees will be allocated 25% to revenue and 75% to capital.

Expenses Cap

The annual running costs (including VAT) of the Company are capped at 3.5% of its Net Assets with any excess being refunded by way of a reduction in the fees payable to the Manager and the Administration Manager *pro rata* to their fees during the financial year. The New Investment Management Agreement retains this cap.

The running costs include, inter alia, fees payable to the Manager and the Administration Manager, Directors' fees, audit and taxation fees, registrar's fees and costs of communicating with Shareholders. The expenses cap excludes the performance incentive fee. For the year ended 31 March 2020, the Total Expenses Ratio (TER) was 2.84%; for the year ending March 2019 the TER was 2.89%; for the fifteen month period ending March 2018 the TER was 3.4%, equivalent to 2.73% on a weighted 12-month basis.

Performance Incentive Fees: Existing Arrangements

Under existing arrangements, performance incentive fees are payable to the Manager when dividends paid and/or proposed exceed 3.5p per Ordinary Share in any one financial year, subject to the NAV, before the distribution, being higher than 70.6p per Ordinary Share. If this hurdle is met, the Manager will receive 20% of the distribution amount over 3.5p per Ordinary Share. The performance incentive fee will also have a catch-up should any previous year's distribution not be met. This catch-up will be cumulative so that in any years where the distribution is less than 3.5p the shortfall must be made up prior to awarding any further performance incentive fees. Any performance incentive fee payable in any period of 12 months has been capped so that the fee payable (together with any other fees payable to the Manager by the Company which have not been specifically approved by Shareholders) is capped at 24.9% of the lesser of the Company's current Net Assets, market capitalisation or gross assets. Any such fees which result in this cap being exceeded will be waived, will not be carried over to another period and will cease to be payable to the Manager.

Currently, the hurdles for these performance fees have not been met for this current or past financial year.

Performance Incentive Fees: Proposed Arrangements

Subject to Shareholders' approval, it is proposed that the above performance incentive arrangements be replaced with the following:

No performance fee is payable unless a realised gain is made on the disposal of an investment where both the hurdles below are met:

(a) an IRR hurdle requiring the achievement of at least 7% p.a. in respect of investments made within a five-year pool, the first such period starting on 1 April 2021; and

(b) a NAV per share hurdle requiring the NAV per share at the end of the year in which the gain is made to be higher than the NAV per share at the commencement of the five year pool period in which the investment was made.

Where a realised gain is made and both hurdles are met, a performance fee equal to 20% of the realised gain is payable to the Manager.

To the extent a performance fee is not paid due to failure to meet either hurdle, it may be paid at a later date if the hurdles are then achieved.

The Board considers the arrangements under the New Investment Management Agreement to be typical of the venture capital industry, having reviewed a number of alternative structures in place in the VCT market and believes it will achieve the intended goal of incentivising the Manager whilst representing value for money for the Company through the requirement to meet a challenging annual hurdle and also maintain overall growth on a NAV per share basis.

Arrangement and Monitoring Fees

Under both the existing and proposed arrangements, the Manager may charge an arrangement fee to each portfolio company in which the Company invests. This fee is restricted to 3% of the gross amount invested by the Company. No arrangement fees have been charged by the Manager for any of the Draper Esprit plc deals completed to date. The Manager may also charge portfolio companies for its monitoring services and non-executive director fees but has not done so in recent years.

Draper Esprit Conflicts Policy

In the event of a conflict of interest between the funds (which shall include where an investment is proposed in a company in which another fund already has an interest), or where co-investments are proposed to be made other than on the above basis, such an investment by the Company will require the approval of those members of the Company's board who are independent of the Manager.

The Board is independent of the Manager and Draper Esprit plc and while the Manager or Draper Esprit plc may recommend investments on the above basis the Board has the right to decline to invest in any such investment opportunity.

Each of the Manager and Draper Esprit plc has developed effective procedures for the post investment monitoring and support of portfolio companies by way of board representation, monitoring of management accounts and internal reporting practices. The Directors believe that such procedures are an essential element in successful venture capital management.

Since April 2017 the average investment size committed by the VCT into each new technology investment has been £0.8 million which since August 2020 has been circa 10% of the funds invested by the combined Draper Esprit investment vehicles.

Net Asset Value Calculation

Investments are designated as "fair value through profit or loss" assets, upon acquisition, due to investments being managed and performance evaluated on a fair value basis. A financial asset is designated within this category if it is both acquired and managed, with a view to selling after a period of time, in accordance with the Company's investment policy.

Listed fixed income investments and investments quoted on AIM and the Main Market are measured using bid prices in accordance with the IPEV. For unquoted instruments, fair value is established using the IPEV. The valuation methodology applied takes account of the nature, facts and circumstances of the individual investment and uses reasonable data, market inputs, assumptions and estimates in order to ascertain fair value.

The Company's net asset value is formally calculated every six months by the Manager, approved by the Board and published on an appropriate regulatory information service.

PART 4

INVESTMENT PORTFOLIO

The investment portfolio of the Company as at the date of this document is set out below (the valuations being the unaudited valuations and cash balances as at 30 September 2020).

The table also includes new 'Committed' investments where the Company has signed up to a binding investment document but is awaiting HMRC approval prior to formally completing its investment in the relevant company. These 'Committed' investments have been deducted from the actual cash balance in the Company.

Draper Esprit Portfolio Holdings

Further information on each Draper Esprit plc technology portfolio company follows:

Company Name	Sector	Description	Equity %
Endomagnetics	Digital Health & Wellness	Cancer trace and guidance systems	<5%

Endomag has developed a minimally-invasive surgical guidance system, which can locate early-stage and impalpable tumours, and help determine whether the cancer has spread. The system has been used in over 30,000 procedures across 300 hospitals in 30 countries and is the subject of 12 clinical publications, all confirming its efficacy compared with current standards. Endomag's mission is to improve the standard of cancer care for everyone, everywhere, by providing more accurate, convenient and less-invasive solutions for diagnosis and treatment.

Back Office Technologies (Form3)	Enterprise Technology	Payment processing technology	<5%

Form3 delivers cloud-based connectivity, payment processing, clearing and settlement services. Their clients include a wide range of regulated financial institutions, including leading banks, non-bank financial institutions and fin-techs. Form3 couples their technology with banking partnerships to facilitate agency payment services, accessed through a simple API on a per transaction commercial model, with no big upfront costs. Form3 won the UK Business Angels Association 2018 Best Investment in Fintech Award for demonstrating innovation, and the capability to disrupt the market and the capacity to achieve high growth.

Thought Machine	Enterprise Technology	Cloud core bank systems	<5%

Thought Machine has developed a cloud-based Core Banking System (CBS) for banks. This is one of the first bottom-up attempts to build a modern computer system for banks, which can be used out of the box by any bank and tailored as necessary. Each instance has its own private blockchain and cryptographic ledger, hosted by Thought Machine. Thought Machine's core offering provides a next generation core banking platform that enables banks, both traditional established organisations and new so-called 'challenger banks', to compete in a cloud-based era. Thought Machine was founded in 2014 by serial entrepreneur and former Google engineer, Paul Taylor. Monese and Curve, the popular pan-European fintechs have announced they will be adopting Thought Machine's platform, Vault

IESO	Digital Health & Wellness	One-to-one clinically led online therapy	<5%

Ieso provides clinically validated Cognitive Behavioural Therapy (CBT) treatments through its proprietary online platform. Behavioural health patients interact with highly-qualified CBT therapists via a written transcript. The company has demonstrated since 2013 that its approach is not only as good as face to face therapy but has advantages over face-to-face, video and tele-based treatments. The NHS, via contracts with individual authorities, is a significant customer. The cost of mental health conditions, globally, according to the WHO (World Health Organisation) is currently $2.4tn and it is expected to more than double by 2030. The existing provision of treatment reaches only a fraction of those affected, and new methods and more scalable delivery of services is required to serve the needs of patients. Ieso has clinical evidence to validate its approach. It has achieved success in use for the NHS and the opportunity now is to expand in the UK and internationally and establish a position as the market leader in this sector.

StreetTeam Software (Pollen)	Consumer Technology	Peer-to-peer sales and marketing software	<5%

Pollen's mission is to be the global platform for 16-28 year olds to discover and buy from aspirational brands through their network. This builds on the thesis that 'millennial' consumers favour a more personalised experience beyond traditional marketing approaches and that brands are struggling to stay relevant and engage with their customers. Pollen leverages a large network of passionate "Ambassadors" who recommend and sell events, experiences and products to their friends and social peer group, in return for rewards related to that experience (e.g. free tickets, VIP perks and backstage passes).

Pollen has now launched a business-to-consumer (B2C) marketplace connecting Ambassadors and Brands. For these brands, Pollen is using technology to enable word of mouth selling at scale. The company earns a commission on the sales made through the platform. It works alongside global ticketing agencies and partners who facilitate the transaction. The business has grown both organically and via M&A as they have expanded into new verticals (travel) and geographies (USA and Canada).

Evonetix Ltd	Digital Health & Wellness	Gene synthesis technology	<5%

Evonetix is a synthetic biology company which is developing a highly novel and advanced silicon-chip based method of producing synthetic DNA. It is a 'deep tech' investment with high potential upside. The rapidly emerging synthetic biology industry is utilising scientific advances in the field of DNA and protein engineering to revolutionise bioproduction, however one of the current bottlenecks in designing new products and processes is the ability to design and produce high quality, error free DNA on demand. Evonetix is trying to solve this problem using a novel, patented method which is able to synthesise large amounts of DNA on a chip with a built-in error correction algorithm.

Freetrade	Consumer Technology	Free stock trading platform	<5%

Freetrade is a "challenger" stock-broker that offers free stock trading within a smartphone "App". The business is based on the principle that incumbent brokers are expensive for consumers and have a poor user experience (from account opening to placing a trade). Freetrade also has a number of technically innovative features that translate into a unique customer proposition, e.g. the ability to buy a fraction of a share, which means that a large number of smaller investors can now access stocks such Amazon which are currently trading at well over $2,000 per share and would otherwise be too large to acquire for a small portfolio.In addition to there being reasons for existing active investors to switch their portfolios in whole or part to Freetrade, the proposition also appeals to regular monthly savers for whom bank interest rates are near zero, so an equity portfolio that is built up in modest increments on a monthly basis is an attractive route, for example, to build up a deposit for a first property,

Roomex	Enterprise Technology	Global business hotel booking platform	<5%

Roomex is a business to business (B2B) software company that operates in the travel market and sells to businesses in the small and mid-market segments. The company offers an internet-based platform that allows business to book, manage and control their work-related travel expenditure. It has had a specific focus to date on hotel booking, payment and management. Companies can book hotels for their employees on the platform at guaranteed best rates and within company policies and limits, and can manage all global employee bookings centrally with one single monthly invoice. Example customers include Allianz, AIB, David Lloyd Leisure, Travis Perkins, Selfridges and Flight Centre

Resolving Limited (Resolver)	Consumer Technology	Online consumer complaint tool	<5%

Resolving Limited (trading as Resolver) aims to streamline the way both consumers and companies can resolve customer complaints. Its website Resolver.com is the largest UK customer complaints website and is promoted by Martin Lewis of Money Saving Expert. It is approaching one million unique visitors to its website each month. But Resolver is also concerned with how these complaints can be processed and handled, and its revenue model is to sell its software platform to corporate customers to improve and streamline their customer care function. It has processed more than 1m cases for its corporate customers. Resolver's customers include leading banks, credit card companies, airlines and even HM Government departments

Ravelin	Enterprise Technology	Fraud Payment Processing Technology	<5%

Ravelin provides cloud based, smart fraud detection and prevention platform that helps companies stop online payment fraud by examining customer behaviour data and spotting fraudsters while there is still time to block the transaction. Ravelin utilises machine learning and graph network technologies to help online businesses reduce losses to fraud and improve acceptance rates of orders. Ravelin is the leading fraud technology provider in the on-demand space - powering the likes of Just-Eat, Deliveroo, MyTaxi and Glovo. The company's new product Account Takeover (ATO) fraud is seeing significant uptake amongst clients and it is also developing a leading-edge graph network product - called Ravelin Connect. This product enables deep analysis of fraud networks and nodes, utilising the data leverage that Ravelin processes in developing probability scores.

United Authors Publishing	Consumer Technology	Digital book publisher	<5%

Unbound is a crowd-funding platform for authors to raise money from their fans to finance the cost of publishing their book and get assistance from Unbound with finishing the book and with sales and marketing. The co-founders of the business are all authors and/or former senior managers within major publishers, and saw that traditional publishers are neglecting all but the most successful authors. Whereas the internet enables Unbound to connect authors with fans and superfans who want to read their books and will participate and contribute to getting them published. Unbound has a capital efficient business model – all costs of publication are covered by the author's fans and the cash flows work in favour of the company. The Company makes a profit on the book production services. Unbound is also opening up its platform to other independent publishers to pre-market and pre-sell existing authors' new titles. This has the potential to deliver a new, scalable, additional revenue source to Unbound.

Crowdcube	Consumer Technology	Crowd funding platform	<5%

Crowdfunding is a growing phenomenon that encompasses several different funding models for businesses, products, and philanthropic projects. Because of its legal framework, Europe, and the UK in particular, has been at the forefront of equity crowdfunding. Crowdcube operates via its website and raises funding for businesses from "the crowd" via a multitude of small investment pledges which are aggregated together if the overall fund raising target is met. Over £500m has been pledged to company pitches on Crowdcube to date. As well as start-ups, established businesses have elected to raise funds through crowdfunding rather than from banks or other sources of capital. For example, Crowdcube ran a very successful campaign for "Mr and Mrs Smith", the boutique travel business, and FinTech 'unicorn' Monzo raised £20m in just over 2 days through Crowdcube as part of a fund raising.

Sweepr	Enterprise Technology	Home connected devices platform	<5%

Sweepr's goal is to deliver "simple care for the connected world". The company has developed a software platform focused on automating technical support for the connected home, targeting service providers (internet providers and telcos) and product manufacturers. Providing technical support in an increasingly complex connected home is a huge problem – costing huge amount every year in both costs and lost revenue with unhappy customers.

Sweepr has developed a platform that monitors and maintains all connected devices automatically – acting as the "technical concierge" for the home, resolving both seen and unseen incidents on behalf of the homeowner; ultimately delivering a more seamless end-user experience and dramatically reducing the need for agent-led customer support calls. When an end user experiences problems, Sweepr can assess the status of all the network and connected devices in the home and uses this information combined with text or voice-based interaction to help guide the homeowner to resolve the problems. Sweepr uses machine learning to better automate and improve support over time.

Apperio	Enterprise Technology	Legal fees spend software	<5%

Apperio is a business to business (B2B) software company that operates in the legal sector. It provides companies' General Counsels and in-house legal teams with a real-time view of all of their legal expenditure across all of the law firms that they work with. This includes visibility of unbilled work in progress, showing the hours and individuals involved that are currently 'on the clock' but not yet billed. Apperio's technology is internet-based and provided on a Software as a Service (SaaS) basis with an annual licence fee. It provides benefits to both corporate clients and the law firms they work with. For corporate clients of law firms, Apperio enables a real-time view of their legal spend and easily allows in-house counsel to track the various matters they manage, which typically leads to very substantial savings. For law firms, Apperio enables bills to be agreed and settled substantially quicker, automates fee reporting to clients and improves client retention due to the elimination of surprise legal bills.

Real Eyes	Enterprise Technology	Emotional intelligence marketing software	<5%

Real Eyes is a business-to-business (B2B) technology company. It has developed proprietary algorithms and intellectual property that can visually interpret facial expressions and infer likely emotions from this.

It is currently used in the pre-test market for film trailers, advertisements and web videos to gauge the impact of the creative content through feedback of viewers' expressions. By analysing facial expressions and movement the product can, for example, inform brands of the probability of an advertising campaign's success, or required changes to the content or even recommend its removal.

Hadean	Deep Tech	Gaming Technology	<5%

Hadean is a software company that is developing an ambitious approach for very large scale, high performance computing requirements. The premise is to design an operating system from first principles that is optimised for internet-based 'cloud computing' tasks – its product, HadeanOS, is described as a cloud-first operating system. Hadean's software is installed on hardware in the same manner, but instead of, operating systems such as Windows or Linux, and controls the low level management of the processing and the hardware resources. It is designed to execute large and complex tasks amongst many different machines by dynamically managing the number of servers that are required at any one time. It eliminates much of the complexity and middleware code when compared with existing 'per machine' techniques.

The first commercial application is for the online multi-player games industry, where Hadean set a world record for the number of simultaneous players in a demonstration at the Game Developers' Conference (GDC) 2019 in San Francisco. It is also working on other large scale simulation environments, including with the Francis Crick Institute for cancer gene modelling, and also risk simulation for financial institutions.

IXL Premfina	Enterprise Technology	Insurance broking credit software	<5%

PremFina is a software business that operates in the insurance market, specifically in an area known as ‘Premium Finance’ which allows annual insurance premiums that are generally charged at the beginning of a policy, in a lump sum, to be spread across 10-12 months. Premfina provides software to insurance brokers that is sold as a recurring Software-as-a-Service licence. The software allows the brokers to offer payments by instalments, which improves their product offering and levels of business. It then manages the access to the underlying finance which the insurance broker may provide themselves using any surplus cash on their own balance sheet, or it may come from wholesale lending agreements with commercial lenders.

Push Doctor	Digital health	On-demand online GP surgeries	<5%

PushDoctor is a telemedicine company which provides online, on-demand primary medical consultations. The company originally started in the direct to consumer market, but expanded rapidly to contracts with other healthcare providers including the NHS. The service offering is simple. A user can use the web or a smartphone App to have a video consultation with a qualified primary care physician in place of a face to face appointment at a doctor’s surgery. The physicians are all qualified to NHS requirements or above, and many are practicing GPs. During the consultation physicians can issue prescriptions (which can be sent directly to a pharmacy of the patient’s choice for immediate collection), order tests and refer to specialists.

Although it started as a direct-to-consumer service, Push Doctor has now shifted its focus to the provision of NHS services. It has a major advantage because it has direct IT integrations and access into the NHS IT systems, which is key to delivering a seamless service.

Lifesize Inc (Light Blue Optics)	Hardware & Deep Tech	Cloud connected online collaboration tool for whiteboards	<1%

Kaptivo is the name of the product from Light Blue Optics. The company produces an internet-connected camera and software system that transforms any standard dry-erase whiteboard into an online collaboration tool for sharing and video conferencing. This allows SME business owners, entrepreneurs, enterprise teams, educators and home workers to host remote meetings, and let everyone collaborate as if they were in the same room. The product and market opportunity have strong validation through the partnerships and resale/embedding contracts that the company has signed with major blue chip collaboration partners (e.g. Hewlett Packard and Crestron).

Kaptivo was acquired in 2020 by US-based video conferencing business Lifesize in a transaction for shares in the new parent Lifesize. The fund’s shares in Lifesize will be held as a passive investment until there is a liquidity event for that business.

AppUx Limited (Droplet)	Enterprise Technology	IOS agnostic application platform	5-10%

AppUX Ltd (which trades as Droplet Computing) is a software business. Its technology provides portability for applications such as Microsoft Office (but also including proprietary legacy applications) so that they can operate on different operating systems and can run on any device (laptop, tablet or smartphone) both online and offline. It is implemented technically as a browser-based container software solution. As well as providing convenience and overcoming compatibility headaches for users, a key market driver is the growing prevalence amongst corporate employers of BYOD or “Bring Your Own Device”. This creates a need for software to operate on employees’ own laptops, tablet devices, etc. in addition to the company’s own IT environment.

Based in Bedford, Fords Packaging is a leading supplier of capping presses and also manufactures rotary sealers. It is widely known for its expertise in sealing and closure technology for food and drink applications where high standards of hygiene are required. Fords products are mainly for use in the food and dairy industries and the company has global clients. In 2018 Fords won the award for Best Closure for their Fords foil caps at the World Beverage Innovation Awards, held in Germany. Winning this award is a recognition of the innovative solutions Fords are developing to bring a unique range of benefits to brand owners and consumers, in sustainability, consumption experience and packaging innovation. With the single serve water bottle their innovative foil seal delivers bottle weight reduction by removing threads from the neck finish.

Combined with elimination of the need for a plastic screw cap and tamper evident band, it delivers the lowest package weight in the market. The Manager has a seat on the board of directors.

PART 5

MANAGEMENT TEAM

Draper Esprit plc Investment Team

Draper Esprit is one of the leading venture capital investors involved in the creation, funding and development of high-growth technology businesses with an emphasis on digital technologies in the UK, the Republic of Ireland and Europe. Draper Esprit plc IPO'd on the AIM market in 2016. Draper Esprit plc is actively involved with its investments, taking non-executive positions where appropriate, and has the ability and experience to add value to the investments. The Draper Executive and Partnership group consists of ten executives and a team of five Venture Partners, backed up by a team of 20 support staff.

A selection of the key investment executives at Draper Esprit plc follow.

Martin Davis is the CEO of Draper Esprit plc. He has more than 20 years' experience in financial services and joined Draper from Aegon Asset Management where he was the Head of Europe, Aegon Asset Management & CEO Kames Capital. Prior to Aegon Asset Management, Martin served as CEO at Cofunds, spent 8 years at Zurich Insurance Group, and was also CEO of Zurich's joint venture, Openwork, the largest network of financial advice firms in the UK. Prior to this, Martin held senior management roles at Misys and Reuters. He also worked as Executive Vice President International for high growth start up, Corillian, an internet banking software company. Martin also served for 11yrs in the British Army. Martin has an MBA from London City Business School (CASS) and Diplomas from the Institute of Marketing and the Market Research Society.

Simon Cook is the founder CEO of Draper Esprit plc, which IPO'd on the London and Irish stock exchanges in 2016. Simon has been involved with the European VC industry since 1995 and co-founded Draper Esprit in 2006. He has been involved with a number of Europe's most successful startups including Lovefilm (Amazon), Cambridge Silicon Radio (IPO), Virata (IPO), nCipher (IPO) and KVS (Symantec). He currently works with Trustpilot, Crowdcube and Pod Point. Previously Simon was a partner with Cazenove Private Equity, which Draper Esprit acquired in 2006; a partner at Elderstreet Investments; and an Investment Director of 3i Technology Europe, which Draper Esprit acquired in 2009. He was a computer games developer early in his career and is a Computer Science graduate of the University of Manchester Institute of Science and Technology (UMIST).

Stuart Chapman is the co-founder of Draper Esprit plc. Prior to establishing the Draper Esprit group, with Simon in 2006, Stuart was a Director of 3i Ventures in London. Having joined 3i in 1992, he has 25 years of venture capital experience in Europe and the US. He was a founding partner of 3i US, based in Menlo Park, CA from 1999 until 2003. Stuart was responsible for Esprit's investments in Lagan Technology (sold to Verint), Redkite (sold to Nice) and Kiadis (IPO). Stuart currently serves as a director with Resolver, Realeyes and Conversocial and observer with Crate. Prior to 3i, Stuart was involved in software and systems implementations for Midland Bank. He is a graduate of Loughborough University and currently serves on the Strategic Advisory Board for the Loughborough School of Business and has served as a member of the British Venture Capital Association Venture Committee.

William Horlick is responsible for the VCT and has worked at Elderstreet Investments Limited since 1998. He has worked on over 70 venture capital investments. William has held several board seats in the past on Elderstreet portfolio companies. He is also the investment manager of the Elderstreet EIS portfolio. William graduated from RMA Sandhurst in 1980. Prior to joining Elderstreet Investments, he was managing director of a mail order company and spent seven years in investment banking and stockbroking.

Richard Marsh (Senior Partner) has worked in start-ups and venture capital since 1997 and is an experienced entrepreneur as well as a venture capitalist. He founded and built Datanomic, a Cambridge-based software company which was a pioneer of Data Quality software and was acquired by Oracle. As an investor, Richard has worked across software, hardware, mobile and cleantech sectors. He is responsible for the Drape Esprit group's investments in Garlik (acquired by Experian), Green Park Content, GreenPeak Technologies (acquired by Qorvo), Polatis (acquired by Huber and Suhner), Psytechnics (acquired by NetScout), and SportPursuit. Richard is an Engineering graduate of Cambridge University where he also received his PhD. Richard holds an MBA from IMD Business School, Lausanne, where he was a Sainsbury Management Fellow.

David Cummings (Venture Partner) has worked for IMI Plc, Lazard and KPMG. His early career at IMI Titanium was as a research and development metallurgist developing superconductors and titanium alloys. From 1986-2002, David worked at Lazard, where he became a partner and the managing director running the TMT group in London. While there he gained a wide variety of experience in corporate finance, M&A, debt restructuring and equity capital markets based on over a decade of transactions in the TMT sector. From 2004-2011, David was a senior director of KPMG Corporate Finance focusing on Business development and relationship building with medium to large corporations in the telecom and technology sectors. David is an active investor in early stage private technology companies and is a member of Cambridge Angels. David is a graduate of Trinity Hall, Cambridge University (Natural Sciences) and London Business School.

Draper Venture Network

Draper Esprit are also a part of the Draper Venture Network. Headquartered in Silicon Valley, the Draper Venture Network is a self-governed collective of 24 independent growth and venture funds managing hundreds of portfolio companies in multiple countries. These independent venture capital funds are based in technology hubs across the world and collaborate on deals, diligence and the provision of value-added services. Esprit Capital is the Western European member of the Draper Venture Network. The Draper Venture Network has offices in Silicon Valley and a team of business development executives available to assist any network portfolio company. An annual CEO conference is arranged by the Draper Venture Network with attendance by hundreds of CEOs and dozens of business development executives of significant technology companies.

Draper Esprit plc believes the group's membership of the Draper Venture Network provides it with a significant advantage in the origination and diligence of potential investments, the generation of market intelligence and the development of valuable corporate relationships. It also enables the Draper Esprit group to provide portfolio companies with assistance in approaching sources of funding in the United States for future fundraising rounds and provides them with an opportunity to expand into new and lucrative markets or to position them in global markets with the intention of attracting higher valuations at exit. Nicola McClafferty, an Investor Director at Draper Esprit plc, is one of seven global board directors of the Draper Venture Network.

The Board

The Company has four Directors, all of whom are non-executive and the majority of whom, including the chairman, are independent of the Manager.

David Brock BSc (Chairman) is an experienced company Chairman in both private and public companies and a former main board director of MFI Furniture Group Plc. He is currently Chairman of Episys Group Plc, Honest Brew Ltd, Hargreave Hale AIM VCT plc and a non-executive director of Puma 12 VCT Plc.

Hugh Aldous is chairman of Downing Strategic Micro-Cap Investment Trust plc and of SPL Guernsey ICC Ltd. He has chaired venture capital backed companies since 2000 including two of this Company's more successful investments. He was previously a partner in Grant Thornton UK LLP, a DTI Company Inspector, a director of Polar Capital Holdings plc and a director of Innospec Inc. (NASDAQ). He was a Member of the Competition Commission.

Michael Jackson MA FCA founded Elderstreet Investments Limited in 1990 and was Chairman of the Manager until the Draper acquisition completed in February 2021. For the past 25 years, he has specialised in raising finance and investing in the smaller companies quoted and unquoted sector. From 1983 until 1987 he was a director and from 1987 until 2006 was chairman of FTSE 100 company The Sage Group plc. He was also chairman of PartyGaming plc, another FTSE 100 company. He is a director of Elderstreet portfolio companies Fords Packaging Systems Limited, Macranet Limited and Access Intelligence plc. Michael studied law at Cambridge University, and qualified as a chartered accountant with Coopers & Lybrand before spending five years in marketing for various US multinational technology companies.

Nicholas Lewis MA is a partner of Downing LLP - a business he founded as Downing Corporate Finance Limited in 1986. Downing LLP specialises in managing, promoting and administrating tax-based investments and has over £1 billion of funds under management. Prior to founding Downing, he was with NatWest Ventures Limited and, before that, with Apax Partners & Co Limited.

The Board is responsible for leading the Company, approving the Net Asset Value, approving investments of greater than £1,000,000 and for the determination of the Company's investment policy.

PART 6

INFORMATION RELATING TO THE OFFER

The Offer

The Offer is for New Ordinary Shares. The maximum number of New Ordinary Shares to be issued pursuant to the Offer is 45,000,000 Ordinary Shares, representing approximately 29% of the enlarged issued Ordinary Shares of the Company (assuming the Maximum Subscription including full use of the over-allotment facility).

A raise of £5 million (assuming the Maximum Subscription including no use of the over-allotment facility), equates to an approximate net amount to be raised of £4,725,000 based on Offer costs of 5.5%. The Offer is cost-neutral as regards the NAV of the Company as the up-front costs of the Offer are borne entirely by subscribers through the application of the Pricing Formula. There is no minimum subscription required for the Offer to proceed. The Offer is conditional on the approval by Shareholders of the Promoter Agreement at the general meeting of the Company to be held on 17 March 2021.

The unaudited net asset value per Ordinary Share as at 30 September 2020 was 49.9p (this being the most recent NAV per Ordinary Share published by the Company prior to the publication of this document). The Net Asset Value on which the initial price for the New Ordinary Shares is based is 48.4p per Ordinary Share, being the NAV of 49.9p as at 30 September 2020 adjusted down to reflect the payment of the 1.5p interim dividend paid in October 2020. The Estimated Offer Price of 51.2p is the adjusted NAV of 48.4p grossed up for estimated Offer costs of 5.5%. Should there be a material movement in the NAV between the normal reporting dates, the Company may announce an updated unaudited NAV, which will be used to calculate the number of New Ordinary Shares to be allotted. The Pricing Formula will be adjusted for any declared dividends where the shares are to be allotted after the record date but before the dividend payment date.

Reasons for the Offer

The Company is raising funds by way of the Offer for the tax years 2020/21 and 2021/22 to fund another phase of investment. The Company considers that its co-investment agreement with Draper Esprit will continue to provide a flow of attractive investment opportunities for which new capital will be required.

The Directors believe that the proposed fundraising under the new Offer will benefit Existing Shareholders in the following ways:

- Shareholders will suffer no NAV dilution as a result of the Offer as New Ordinary Shares will be issued at a price equal to NAV plus offer costs.
- The New Ordinary Shares issued will increase the capital available to the Company which may be invested alongside existing capital. This affords existing Shareholders investment opportunities they might not otherwise have.
- The fixed running costs of the Company will be spread over a larger combined asset base as a result of the issue of New Ordinary Shares, thereby reducing the level of the running costs attributable to each existing holder of Ordinary Shares and, therefore, providing the potential for enhanced returns to existing Shareholders.
- The Board believes the co-investment agreement with Draper Esprit will bring new technology focused investment opportunities to the Company and benefit both existing and prospective new investors and the ability to join a funding syndicate of Draper Esprit funds will bring access to larger deals in companies that enjoy higher revenues and which operate in high growth sectors. These more developed companies can scale more quickly and have the potential to IPO, exit, or attract further funding rounds more quickly than lower revenue companies.

Benefits for new Shareholders

The Directors believe that the proposed fundraising through the Offer may benefit new Shareholders in the following ways:

- The issue of the New Ordinary Shares provides new Shareholders with immediate exposure to the Company's existing portfolio, including a number of mature companies.

- The issue of the New Ordinary Shares also gives new Shareholders exposure to companies within the Company's existing portfolio which may no longer be able to receive VCT investment as they may not be Qualifying Investments under the amended legislation.

Use of proceeds

The Board intends to invest the net proceeds from the Offer in accordance with the Company's existing investment policy as set out on pages 25 – 26.

The Company intends to invest at least 80% of funds raised for the year ending 31 March 2021 in Qualifying Investments. The net proceeds of the Offer will be approximately £4.725 million with expenses of approximately £275,000 (assuming Maximum Subscription, no utilisation of the over-allotment facility and total costs of 5.5% on all Applications).

Key Terms of the Offer – Promotion Fees and Commission

Applications through intermediaries (commission payable*)

Promotion Fee	3.0% of the Application Amount
Initial commission to intermediaries	2.5% of the Application Amount
Trail commission	0.25% of the gross subscription per annum for five years (subject to a cumulative maximum trail commission of 1.25%)

* Commission will only be payable in accordance with prevailing FCA rules on inducements.

Applications through intermediaries (no commission payable)

Promotion Fee	3.0% of the Application Amount
Adviser Charges – Such initial charges that are agreed between each Investor and their financial intermediary	Variable

Direct Investors

Promotion Fee	3.0% of the Application Amount

Pricing of the Offer

Investors are invited to subscribe an amount in pounds sterling rather than apply for a particular number of New Ordinary Shares. The fees payable to the Promoter and to the Investor's financial intermediary will be taken into account in calculating the number of New Ordinary Shares the Investor will receive.

The number of New Ordinary Shares to be issued to each Applicant in the Company will be calculated based on the following Pricing Formula and rounding down to the nearest whole Share:

Number of New Ordinary Shares	=	Amount subscribed, less: (i) initial Promotion Fee; (ii) Initial commission or Adviser Charge (if any)	÷	Latest published NAV per Offer Share

If an updated NAV per Ordinary Share is announced after publication of this document, this updated NAV will be used to calculate the price and the number of New Ordinary Shares to be issued. Should there be a material movement in the NAV between the normal reporting dates, the Company may announce an updated unaudited NAV by announcement on a Regulation Information Service. The NAV used in the Pricing Formula will be adjusted, as required, to account for dividends payable to existing Shareholders where these are not yet reflected in the NAV. The Company will announce the number of New Ordinary Shares issued and the range of Offer Prices by way of a Regulatory Information Service announcement following allotment.

<u>Example 1</u>

If an Investor (paying a combined Promotion Fee and Adviser Charge to their intermediary of 5.5%) were to subscribe £10,000, with the Company's adjusted Net Asset Value standing at **48.4p**, they would receive a total of **19,531** New Ordinary Shares (rounded down to the nearest whole Share), equating to an Offer Price of **51.2p** per New Ordinary Share (rounded down to the nearest 0.1p).

Example 2

An Investor in the same circumstances as above but who had agreed a smaller Adviser Charge of 1.0% with their financial intermediary (assuming a standard Adviser Charge of 2.5%) would pay a combined fee of 4.0%. This would mean the Investor would receive **19,841** New Ordinary Shares for their £10,000 subscription, equating to an Offer Price of **50.4p** per New Ordinary Share.

In each case, the Company shall settle fees to the Promoter and to Investors' financial intermediaries from the gross subscriptions received from Investors.

Example 3 (Waived commission)

If an Investor submits their Application Form and their intermediary is eligible for commission but chooses to waive this entirely in lieu of additional shares, the Investor's costs will be 3.0% (the Promotion Fee) and the Investor would receive **20,040** New Ordinary Shares for a £10,000, equating to an Offer Price of **49.9p** per Share.

In each case, Investors can then claim VCT income tax relief of 30% on their gross subscription (the Application Amount) rather than the net amount after the payment of fees, subject to their personal circumstances. This would equate to £3,000 of relief in respect of the £10,000 subscription noted in each of the above examples.

Some further information about when Adviser Charges are applicable and when Commission is applicable is set out below. The Manager may also agree (at its discretion) to reduce fees further (in whole or part) in respect of any specific investor or group of investors for the benefit of such investors.

Adviser Charges and Commission

In accordance with the FCA's Conduct of Business Sourcebook, commission (including on-going trail commission) is generally not permitted to be paid to Intermediaries who provide independent advice or personal recommendations to UK clients in respect of their investments in VCTs.

Instead of commission being paid by the VCT, an Adviser Charge will usually be agreed between the intermediary and Investor for the advice and related services. This fee can either be paid directly by the Investor to the intermediary or, if it is an initial one-off fee, the payment of such fee may be facilitated by the Company. Ongoing fees to Intermediaries will not be facilitated by the Company. If the payment of the Adviser Charge is to be facilitated by the Company, then the Investor is required to specify the amount of the charge in Section 6 of the relevant Application Form. The Investor will be issued fewer New Ordinary Shares (to the equivalent value of the Adviser Charge) through the Pricing Formula set out above. The Adviser Charge is deemed to be inclusive of VAT, where applicable. Adviser charge facilitation payments will be made on behalf of Investors from the Company's share premium account (or reserves created therefrom) in respect of share capital issued prior to 6 April 2014 or which was created pursuant to shares issued more than three years prior to the payment.

Commission may be payable in respect of applications by an "execution only" Investor who has received no advice in respect of the investment and, as such, the Company will only pay commission to firms:

(a) which do not provide personal recommendations or investment advice (save where this is restricted advice given to professional clients of the advisor);

(b) where the payment of such commission is designed to enhance the quality of the relevant (non-advisory) service to the investor;

(c) where the intermediary has confirmed that they will clearly disclose to the investor the existence, nature and amount of such commission prior to the provision of the service; and

(d) in the case of on-going payments (trail commission) where such criteria are fulfilled on an on-going basis.

Those Intermediaries who are permitted to receive commission will usually receive an initial commission of 2.5% of the amount invested by their clients under the Offer unless waived by the intermediary. Additionally, provided that the intermediary continues to act for the Investor and meet the criteria above and the Investor continues to be the beneficial owner of the New Ordinary Shares, and subject to applicable laws and regulations, the intermediary will usually be paid an annual trail commission of 0.25% of their client Investors' gross subscriptions for a maximum of five years. Trail commission will be paid annually in October (commencing in October 2021) by the Promoter.

Minimum Subscription

The minimum subscription amount for an Applicant in relation to the New Ordinary Share is £6,000 and, provided this condition is met, Applications under the Offer may be for any amount. There is no maximum individual subscription level under the Offer but the maximum investment on which tax reliefs on investments in VCTs are currently available is £200,000 in the 2020/21 tax year (£200,000 per spouse).

The Offer will not be revoked in respect of New Ordinary Shares that have been admitted to the Official List and to trading on the London Stock Exchange.

Capital Raising Fees

The Company shall meet certain costs of the Offer including printing and distributing this Prospectus, the registrar's costs in issuing the applicable share certificates and Promotion Fees. Promotion Fees and Adviser Charges payable in relation to Applications are facilitated through the Pricing Formula.

Timetable

The Offer will remain open until the earlier of 4.00 p.m. on 31 July 2021 (unless previously extended, or closed early, by the Directors) and the date on which the relevant Maximum Subscription is reached. Please note Application Forms specifying that some or all Shares are to be allotted in the tax year 2020/21 must be returned by 10.00 a.m. on 1 April 2021. The results of the Offer and any exercise of the Directors' right to extend the Offer will be announced to the London Stock Exchange through a Regulatory Information Service provider authorised by the Financial Conduct Authority. It is expected that dealings will commence no later than 15 Business Days following the date of allotment. Share certificates are expected to be issued (and, where relevant, CREST accounts credited) no later than 15 Business Days following the date of allotment.

Application procedure

The Directors in their absolute discretion will determine the basis of allocation of the New Ordinary Shares but expect to allocate on a first come/first served basis. To the extent that any Application is not accepted, any excess payment will be returned without interest by returning the Applicant's payment through the post at the risk of the person entitled thereto. The Receiving Agent will not acknowledge receipt of Applications unless an email address is provided in which case an email acknowledgement will be sent. An Application Form together with notes on its completion is set out at the end of this document.

Provided that Applications are for the minimum subscription amount of £6,000, they can be for any amount. Application Forms should be sent or delivered, together with the full amount payable in respect of the Application, in accordance with the procedures set out on page 71. Your attention is drawn to the statements concerning the Money Laundering Regulations in the terms and conditions of application. A person may make multiple Applications, each of which will be treated as a separate Application by the Company.

Admission to trading and dealing arrangements

Application will be made for Admission in respect of the New Ordinary Shares. Following Admission, announcements of allotments pursuant to the Offer will be made as required by the Listing Rules. It is expected that Admission will become effective and dealings in the New Ordinary Shares will commence within 15 Business Days after their allotment. Definitive share certificates are expected to be despatched to successful Applicants by post within 15 Business Days of their allotment, and successful Applicants will be notified of the total number of New Ordinary Shares issued to them by receipt of such share certificates. Temporary documents of title will not be used in connection with the allotment of New Ordinary Shares. Dealings prior to receipt of share certificates will be at the risk of the Applicants.

New Ordinary Shares will be in registered form capable of being transferred by means of the CREST system. Those Applicants who wish to take advantage of the ability to trade in New Ordinary Shares in uncertificated form, and who have access to a CREST account, may arrange with their CREST operator to hold their New Ordinary Shares in dematerialised form. Investors should be aware that New Ordinary Shares delivered in certificated form are likely to incur higher dealing costs than those in respect of Shares held in CREST.

PART 7

BENEFITS OF VENTURE CAPITAL TRUSTS

Venture Capital Trusts provide private investors with an attractive and tax-efficient method of investing in a portfolio of small to medium-size trading companies in the UK. It is often difficult for private investors to have access to such investment opportunities, and few have the time or means to identify, assemble and monitor a portfolio of companies with such potential. VCTs also offer substantial tax benefits to private investors.

The principal benefits offered by VCTs to private investors are:

Income tax relief Private investors subscribing for new shares in a VCT in the 2020/21 or 2021/22 tax years should receive income tax relief at 30% of the amount subscribed against their income tax liability in the year of subscription, provided that such shares are held for at least five years.

Tax-free dividends Private investors should be exempt from income tax on dividends received from a VCT.

Capital gains tax exemption There should be no capital gains tax on disposal of shares in a VCT; conversely there is no relief for losses.

Personal taxation benefits All the reliefs described above are available to individual investors, provided certain conditions are met and the shares are acquired within the permitted maximum of £200,000 in any one tax year. Relief from income tax on investment only applies to subscriptions for new shares.

Professional investment team VCTs are advised by professional advisers with specific experience and proven track records. Prior to the launching of a VCT the investment manager(s) must meet certain criteria laid down by the FCA Rules and the VCT must have obtained approval (provisional or full) by HMRC.

Corporate governance VCTs must appoint a board of directors who are majority independent of the investment manager(s) and led by an independent Chairman.

Spread of investments VCTs spread their investments across a range of companies (either within the same sector or across several sectors), with a view to creating a more balanced portfolio than could be achieved by individuals investing in separate companies.

Tax-free realisations Capital gains realised by a VCT should be exempt from corporation tax within the VCT thereby potentially allowing increased distributions to shareholders.

Admission to the Official List The shares of a VCT must be listed on a European regulated market providing investors with a potential market to trade their shares and a means of assessing their value.

The above is only an outline of the tax reliefs associated with VCTs and should be read in conjunction with the detailed provisions of the current legislation, a summary of which appears in Parts 7 and 8 of this Prospectus.

Prospective investors are recommended to consult a professional adviser as to the taxation consequences of investment in a VCT.

PART 8

TAX POSITION OF INVESTORS

The tax reliefs set out below are available to individuals aged 18 or over who subscribe under the Offer. Whilst there is no specific limit on the amount of an individual's acquisitions of shares in a VCT, tax reliefs will only be given to the extent that the total of an individual's subscriptions or other acquisitions of shares in VCTs in any tax year does not exceed £200,000. Tax treatment depends on the individual circumstances of each Investor and may be subject to change in the future.

Investors who intend to invest more than £200,000 in VCTs in any one tax year should consult their professional advisers.

(a) Income Tax

(i) Relief from income tax on investment

A private investor subscribing for New Ordinary Shares will be entitled to claim income tax relief on amounts subscribed (along with any other VCT shares subscribed for) up to a maximum of £200,000 in any tax year. For the 2020/21 and 2021/22 tax years the relief is given at 30% of the amount subscribed although the relief cannot exceed the amount which reduces the Investor's income tax liability to nil. Investments to be used as security for or financed by loans may not qualify for relief, depending on the circumstances. Tax relief is restricted on subscriptions for shares in a VCT where, within six months of subscription, the investor disposes of shares in the same VCT (or in another VCT which is known to be seeking a merger that VCT).

(ii) Dividend relief

An Investor who acquires in any tax year New Ordinary Shares having a value (along with any other VCT shares acquired by him in that tax year) of up to £200,000 will not be liable to income tax on dividends paid by the VCT on those shares.

The return to Investors from the Company will depend on the type of profit received by it. Capital gains realised by a VCT are tax-free. No tax is payable by a VCT on distributing these gains by way of dividend and such dividends are received tax-free by shareholders who benefit from dividend relief. However, income received by a VCT will usually constitute either interest (on which the VCT may be subject to tax) or a dividend from a UK company (on which the VCT would not be subject to tax). Such income as is reduced by the payment of tax (if applicable) can be distributed tax-free to shareholders who benefit from dividend relief. It is expected, however, that the bulk of the returns generated by the Company will derive from the realisation of capital gains from its portfolio (on which the VCT would not be subject to tax).

(iii) Purchases in the market

An individual purchaser of existing Ordinary Shares in the market will be entitled to claim dividend relief (as described in paragraph (ii) above) but not relief from income tax on the purchase price.

(iv) Withdrawal of relief

Relief from income tax on a subscription for shares in a VCT is withdrawn if the shares are disposed of (other than between spouses) within five years of issue or if the VCT loses its approval within this period (see below). Relief also ceases to be available on any dividend paid in respect of profits or gains in any accounting period ending at a time when VCT status has been lost.

(b) Capital Gains Tax

(i) Relief on the disposal of New Ordinary Shares

A disposal by an Investor of New Ordinary Shares will give rise to neither a chargeable gain nor an allowable loss for the purposes of UK capital gains tax. The relief is limited to the disposal of New Ordinary Shares acquired within the limit of £200,000 for any tax year, determined as for dividend relief.

(ii) Purchases in the market

An individual purchaser of existing Ordinary Shares in the market will be entitled to claim relief on disposal (as described in paragraph (i) above).

(iii) Withdrawal of relief

If a company which has been granted approval as a VCT subsequently fails to comply with the conditions for approval, approval as a VCT may be withdrawn or treated as never having been given. The exemption from corporation tax on capital gains will not apply to any gain realised by the VCT after this time. If VCT approval is withdrawn, any gains on the New Ordinary Shares up to the date from which loss of VCT status is treated as taking effect will be exempt but gains thereafter will be taxable.

Obtaining tax reliefs

A VCT will provide to each investor a certificate which the investor may use to claim income tax relief, either by obtaining from HMRC an adjustment to his tax code under the PAYE system or by waiting until the end of the tax year and using his tax return to claim relief.

Investors not resident in the UK

Investors not resident in the UK should seek their own professional advice as to the consequences of making an investment in a VCT, as they may be subject to tax in other jurisdictions as well as in the UK.

The above is only a summary of the law as at the date of this document concerning the tax position of UK investors in VCTs. The tax rates and reliefs shown are those currently in use and could alter in future years. Prospective investors are recommended to consult a professional adviser as to the taxation consequences of investment in a VCT.

PART 9

TAX POSITION OF THE COMPANY

1. Qualification as a VCT

The legislation relating to VCTs sets out tests which a company has to satisfy in order to be treated as a VCT and attract tax benefits for itself and its shareholders. The legislation summarised below is that in force as at the date of this document.

To qualify as a VCT, a company must be approved as such by HMRC. To obtain approval:

(a) it must not be a close company;

(b) it must have each class of its ordinary share capital listed on a European regulated market throughout the accounting period following that in which the application for approval is made;

(c) it must derive its income wholly or mainly from shares or securities;

(d) at least 80% by value of its investments must be represented by shares and securities comprising Qualifying Investments; and

(e) at least 30% of new monies raised must be invested in qualifying holdings within 12 months of the end of accounting period in which the relevant VCT shares are issued;

(f) at least 70% by value of its Qualifying Investments must be represented by holdings of 'eligible shares'. Eligible shares are shares which carry no present or future preferential rights to a portfolio company's assets on its winding-up, and no present or future right to be redeemed, but which may have certain preferential rights to dividends (investments made before 6 April 2018 from funds raised before 6 April 2011 are excluded from this requirement);

(g) at least 10% of its total investment in any Qualifying Company must consist of eligible shares;

(h) loan investments made by the Company after 14 March 2018 must be made on an unsecured basis at a commercial rate of interest;

(i) not more than 15% by value of its investments may be in a single company or group (other than a VCT or a company which would, if its shares were listed, qualify as a VCT);

(j) not more than 15% of its income derived from shares and securities in any accounting period may be retained;

(k) the VCT must only make Qualifying Investments, or certain non-qualifying investments permitted by section 274 ITA 2007;

(l) no investment by a VCT can cause a company to receive more than a total of £5 million in any period of twelve months (£10 million for "knowledge intensive" companies), nor more than £12 million (£20 million for "knowledge intensive" companies) over its lifetime;

(m) a VCT cannot invest in a company whose first commercial sale was more than seven years ago (ten years for a "knowledge intensive" company) unless the company had previously received State Aid risk finance within that period or it is seeking to break into a new product or geographic market and a turnover test is met. In the case of "knowledge intensive" companies, the company may elect for the 10 year period to commence from the end of the accounting period in which its annual turnover exceeds £200,000; and

(n) an investment by a VCT cannot be used by an investee to acquire a trade, business or shares in a company.

For the purpose of conditions (j) above, permitted investments include ordinary shares or securities listed on a regulated market (such as the London Stock Exchange) and shares or units in alternative investment funds and UCITS which may be repurchased or redeemed on seven days' notice.

2. Qualifying Investments

To be a Qualifying Investment, an investment must consist of shares or securities first issued to the VCT (and held by it ever since) by an unquoted company satisfying certain conditions. The conditions are complex but include conditions that any investment must be in a qualifying company which must:

(a) meet a principles-based "risk to capital" gateway test requiring the company to have genuine plans to grow and develop over the long term and for there to be a significant risk to the VCT that invested capital of an amount greater than its net investment return will be lost;

(b) have gross assets not exceeding £15 million immediately before and £16 million immediately after the VCT's investment (these tests are applied on a group basis if applicable);

(c) have fewer than 250 full-time employees (or their equivalents) at the date on which the VCT investment is made (this test is applied on a group basis if applicable) (fewer than 500 for a "knowledge intensive" company);

(d) not have raised more than £5 million in the 12 month period ending on the date of the VCT's investment (£10 million for a "knowledge intensive" company), nor more than a lifetime total of £12 million (£20 million for a "knowledge intensive" company), from State aid sources including from VCTs and under the Enterprise Investment Scheme;

(e) have made its first commercial sale less than seven years ago (ten years for a "knowledge intensive" company which can also elect to start this ten year period from the last day of the accounting period in which it first reaches a turnover of £200,000) unless one or more of the exemptions set out at paragraph 1(l) above applies;

(f) apply the money raised for the purposes of a qualifying trade carried on by the company or its qualifying 90% subsidiary within certain time periods and more generally for the purpose of growth and development of its business;

(g) must at all times have a permanent establishment in the United Kingdom; and

(h) not be controlled by another company nor control another company save where this is a qualifying 51% subsidiary.

Companies whose shares are traded on AIM are treated as unquoted companies for the purposes of eligibility as a Qualifying Investment. Unquoted company shares that subsequently become listed may still be regarded as a Qualifying Investment for a further five years following listing, provided all other conditions are met.

3. Qualifying Companies

A qualifying company must exist wholly or mainly for the purpose of carrying on a qualifying trade or be the parent company of a qualifying trading group. For this purpose, certain activities are prohibited such as dealing in land or shares or providing financial, legal or accountancy services, managing nursing homes or hotels (where the manager is in occupation or owns an interest in the land), property development, leasing or farming, shipbuilding, and coal and steel production. The trade must either be carried on by, or be intended to be carried on by, the qualifying company or by a qualifying subsidiary at the time of the issue of its shares or securities to the VCT (and by such company or its qualifying subsidiary at all times thereafter). A qualifying subsidiary for these purposes is at least 90% directly owned by the qualifying company, or is a 100% subsidiary of at least a 90% subsidiary of the qualifying company, or is at least a 90% subsidiary of a 100% subsidiary of the qualifying company.

A company intending to carry on a qualifying trade must begin to trade within two years of the issue of shares or securities to the VCT.

A qualifying company can be the parent company of a trading group. If this is the case, the group, when taken together as one business, must carry on activities which constitute a qualifying trade. Any subsidiary must be more than 50% owned. However, if a subsidiary is one which carries on the trade by reference to which the investment is to qualify as a Qualifying Investment, that subsidiary must be a 90% qualifying subsidiary as described above.

4. Approval as a VCT

A VCT must be approved at all times by HMRC. Approval has effect from the time specified in the approval. A VCT cannot be approved unless the tests are met throughout the most recent complete accounting period of the VCT and HMRC is satisfied that they will be met in relation to the accounting period of the VCT which is current when the application is made. However, in order to facilitate the launch of a VCT, HMRC may provisionally approve a VCT notwithstanding that certain of the tests are not met at the time of application, provided that HMRC is satisfied that the tests will be met within certain time limits. In particular, in the case of the test described at 1(d) and (f) above, approval may be given if HMRC is satisfied that this will be met throughout an accounting period of the VCT beginning no more than three years after the date when approval takes effect.

5. Withholding Tax at Source

There is no withholding tax on dividends paid by a UK company and, consequently, the Company does not assume responsibility for withholding tax at source on dividends.

6. Definition of "Knowledge Intensive" Company

In order to meet the definition of a knowledge intensive company, a company must meet one or both of the two "operating costs conditions" set out below and one or both of the "innovation condition" and the "skilled employee condition".

The first "operating costs condition" is that in at least one of the relevant three preceding years at least 15% of the relevant operating costs constituted expenditure on research and development or innovation.

The second "operating costs condition" is that in each of the relevant three preceding years at least 10% of the relevant operating costs constituted such expenditure.

The "innovation condition" is met where the relevant company is engaged in intellectual property creation and it is reasonable to assume that, within 10 years of the date of investment, one or a combination of the exploitation of relevant intellectual property held by the company and business which results from new or improved products, processes or services utilising relevant intellectual property held by the company will form the greater part of its business.

The "skilled employee condition" is met if at least 20% of a company's full time employees hold a relevant higher education qualification and are engaged directly in research and development.

PART 10

GENERAL INFORMATION

1. The Company

1.1 Draper Esprit VCT plc was incorporated in England and Wales on 26 August 1997 with the name Downing Street VCT plc. The Company's name was changed to Elderstreet Downing VCT plc on 20 October 1997 and to Elderstreet VCT plc on 26 January 2005 before changing to its current name on 10 January 2019. The Company's legal entity identifier is 2138003I9Q1QPDSQ9Z97.

1.2 The Company is incorporated and operates under the Act as a public company limited by shares, with registered number 03424984. The Company is not part of a group.

1.4 HMRC provisional approval was granted to the Company to trade as a VCT under the Income and Corporation Taxes Act 1988 (as amended) on 28 January 1998 and since that date the Company has carried on its business in accordance with that act and the ITA. The Company intends to continue to carry on its business such that its VCT status will be maintained. The various requirements are now contained within the ITA. The Company is not otherwise regulated.

1.5 The Company's auditors are BDO LLP of 55 Baker Street, London W1U 7EU.

1.6 Current share capital:

1.6.1 As at 15 February 2021, being the latest practicable date prior to the publication of this document, the issued share capital of the Company was 110,738,558 fully paid up Ordinary Shares with a nominal value of 5p each. The ISIN of the Ordinary Shares is GB0002867140. Ordinary Shares to be issued pursuant to the Offer will rank *pari passu* in all respects with the existing Ordinary Shares.

1.6.2 At close of the Offer, assuming the Maximum Subscription is raised and the full over-allotment facility is utilised, Existing Shareholders will hold approximately 74% of the enlarged Ordinary Share capital of the Company.

1.6.3 No single Shareholder currently holds more than 3.0% of the Company's Ordinary Shares nor is the Company directly or indirectly under the control of any person nor, to the Company's knowledge, are there any arrangements in place the operation of which may result in a change of control of the Company.

1.6.4 No share or loan capital of the Company is under option or has been agreed, conditionally or unconditionally, to be put under option. No shares of the Company represent anything other than capital. No shares of the Company are held by or on behalf of the Company itself. There are no convertible securities, exchangeable securities or securities with warrants attached to them currently in issue by the Company.

1.7 The Company has not made any disclosures under the Market Abuse Regulation in the 12 months prior to the date of this Prospectus.

2. The Investment Manager

2.1 Elderstreet Investments Limited (the "**Manager**") was incorporated in England and Wales on 18 June 1984 and operates under the Act as a private company limited by shares, with registered number 01825358. It is domiciled in the United Kingdom.

2.2 The registered office and principal place of business of the Manager is 20 Garrick Street, London WC2E 9BT and its telephone contact number is 020 7831 5088. *Company has been dissolved

3.6 None of the Directors nor any director of the Manager has for at least the previous five years: (i) had any convictions in relation to fraudulent offences; or (ii) been associated with bankruptcies, receiverships or liquidations (save for members' voluntary liquidations) in relation to an entity for which they have been acting as members of the administrative, management or supervisory bodies or senior management who was relevant to establishing that the entity had the appropriate expertise and experience for the management of its business; or (iii) been subject to any official public incrimination and/or sanctions by any statutory or regulatory authority (including designated professional bodies) or been disqualified by a Court from acting as a director or member of the administrative, management or supervisory bodies of a company or from acting in the management or conduct of the affairs of any issue

3.7 The Company complies with the provisions of the UK Corporate Governance Code, with the exception of the following, for the reasons set out below:

(i) new Directors do not receive a full, formal and tailored induction on joining the Board and such matters are addressed on an individual basis as they arise. In addition, as the Company does not have any major shareholders, shareholders are not given an opportunity to meet any new nonexecutive directors at specific meetings other than at the general meetings of the Company;

(ii) due to the size of the Board, there are no formal performance evaluations of the Board, their committees, the individual Directors or the Chairman. Specific performance issues are dealt with as they arise; and

(iii) the Directors do not have service contracts but do have consultancy agreements, further details of which are set out at 3.5 above, whereas the recommendation in the UK Corporate Governance Code is for fixed term renewable contracts.

The Board comprises four members, all of whom are non-executive Directors and all of whom (including the Chairman) are considered to be independent of the Manager.

The Board meets regularly throughout the year (normally at least quarterly) and all necessary information is supplied to the Directors on a timely basis to enable them to discharge their duties effectively. Additionally, special meetings take place or other arrangements are made when Board decisions are required in advance of regular meetings. The Board is responsible for controlling the Company. The Board is responsible for the determination and calculation of the Company's Net Asset Value, which will be undertaken in accordance with the Company's accounting policies (the Company's current accounting policies are set out on pages 39 to 41 of its report and accounts for the year ended 31 March 2020) and published on an appropriate regulatory information service (including in the announcement of annual and half yearly results of the Company). In the unlikely event that valuation was suspended, where the underlying data necessary to value the investments of the Company could not readily, without undue expenditure, be obtained, such suspension would be communicated to shareholders in a similar manner.

3.8 As the Company has a small Board of non-executive Directors, all Directors sit on the Nomination Committee and Remuneration Committee. David Brock is the Chairman of both Committees. David Brock and Hugh Aldous sit on the Audit Committee. Hugh Aldous is Chairman of the Audit Committee and Senior Independent Director. Committee meetings are held in conjunction with the Board meetings. The Audit Committee is responsible for

- monitoring the Company's financial reporting;
- reviewing internal controls and risk management systems; and
- matters regarding audit and external auditors.

The Remuneration Committee meets, as required, to discuss the existing levels of remuneration for the non-executive Directors and whether they reflect the time commitment and responsibilities of the positions and are comparable with industry standards. Where deemed necessary, they will recommend adjustments to the remuneration levels.

4. General Information

4.1 There have not been any governmental, legal or arbitration proceedings in the 12 months prior to the publication of this document which may have or have had in the recent past a significant effect on the financial position or profitability of the Company, nor are there any such proceedings pending or threatened of which the Company is aware.

4.2 No person receiving a copy of this document or an Application Form in any territory other than the UK may treat the same as constituting an offer or invitation to him to subscribe for or purchase New Ordinary Shares.

4.3 Shareholders' authority to create, allot and issue new Ordinary Shares up to an aggregate maximum nominal value of £2,500,000, with pre-emption rights dis-applied in respect of such issues, was obtained at the annual general meeting of the Company held on 22 September 2020. All Shareholders will have the same voting rights in respect of the existing share capital of the Company. An existing holder of Ordinary Shares who does not subscribe for New Ordinary Shares pursuant to the Offer would experience no dilution in terms of NAV per share (as the assets of the Company will be increase by the proceeds of the Offer and the upfront costs of the Offer are borne by subscribers) but would experience dilution in terms of their voting power. The New Ordinary Shares are ordinary shares of five pence each (ISIN: GB0002867140) created under the CA 2006 and are freely transferable.

4.4 No action has been taken to permit the distribution of this document in any jurisdiction outside the UK where such action is required to be taken. All applicants under the Offer will be required to warrant that they are not a US Person.

4.5 All information regarding Draper Esprit in this document has been sourced by the Company from Draper Esprit and has been accurately reproduced and that as far as the issuer is aware and is able to ascertain from information published by that third party, no facts have been omitted which would render the reproduced information inaccurate or misleading.

4.6 Where other information set out in this document has been sourced from third parties the source has been identified at the relevant place in the document and the Company confirms that this information has been accurately reproduced and, as far as the Company is aware and able to ascertain from information published, no facts have been omitted which would render the reproduced information inaccurate or misleading.

5. Material Contracts

5.1 Under an agreement (the "**Investment Management Agreement**") dated 30 January 1998 between the Company and the Manager (which was subsequently novated to the subsidiary of the Manager, Elderstreet Private Equity Limited, varied by an agreement dated 1 July 2009 and subsequently novated back to the Manager and varied again on 23 November 2016), the Manager provides investment advisory services to the Company in respect of its portfolio of Qualifying Investments for a fee of 2% of net assets (as defined in the agreement), together with a performance incentive fee. Performance incentive fees are payable when dividend payments and/or distributions equivalent to not less than 3.5p per Share in any one financial year are made provided that the NAV, before the distribution, is higher than 70.6p per Share. Where such threshold is met, the Manager will receive 20% of the distribution amount over 3.5p per Share. The performance incentive fee will also have a catch-up (subject to the cap mentioned below) should any previous year's distribution not be met. This catch-up will be cumulative so that in any years where the distribution is less than 3.5p the shortfall must be made up prior to awarding any further incentive fees. Any performance incentive fee payable in any period of 12 months has been capped so that in any 12 month period, the fee payable under the incentive arrangements (together with any other fees payable to the Manager by the Company which have not been approved by Shareholders) is capped at 24.9% of the lesser of the Company's current Net Assets, market capitalisation or gross assets. Any fees which result in this cap being exceeded will be waived, will not be carried over to another period and will cease to be payable to the Manager. These fees are calculated in respect of each year ended 31 December following approval of the audited accounts by Shareholders.

Further, under the Investment Management Agreement, the annual running costs of the Company (including VAT) are restricted to 3.5% of its net asset value (as defined in the agreement) with any excess being refunded by way of a reduction in the fees payable to the Manager and to the Administration Manager pro rata. The Manager is also entitled to certain non-executive directors' fees, arrangement fees and expenses in respect of any investee company.

It is proposed, subject to Shareholder approval, that the Investment Management Agreement be replaced with the New Investment Management Agreement, the terms of which are summarised on pages 27 – 29.

5.2 Under an agreement dated 30 January 1998 originally between the Company and Downing Management Services Limited and novated by a deed of novation dated 25 August 2011 such that since 1 June 2011 the parties thereto are the Company and Downing LLP, and as amended by a deed of variations dated 3 October 2019 and 10 February 2021 (the "**Administration Agreement**"), Downing will provide or procure the provision of certain administration services to the Company for a fee of £65,000 plus 0.1% of new funds raised per annum (excluding VAT), subject to an annual cap of £100,000.

5.3 A conditional promoter agreement dated 16 February 2021 ("**Promoter Agreement**") between the Company (1), the Directors (2) the Promoter (3) and SPARK (4) whereby the Promoter has agreed to act as promoter in connection with the Offer. The agreement contains warranties given by the Company and the Directors to the Promoter. The Company will pay to the Promoter a fee of 3.0% of funds raised under the Offer and is also responsible for paying initial and trail commission in respect of the Offer where applicable. The entry into the Promoter Agreement, and the Offer generally, is conditional on the approval of Shareholders at the general meeting to be held on 17 March 2021.

5.4 A letter of engagement dated 23 October 2020 from SPARK Advisory Partners Limited ("**SPARK**") pursuant to which SPARK have been appointed as sponsor to the Company in connection with the Offer. The Company has agreed to indemnify SPARK for any loss suffered in respect of its role as sponsor to the Offer (save for when such loss has arisen out of SPARK's breach, wilful default, misconduct or gross negligence). The Company's liability under this indemnity is unlimited.

5.5 Michael Jackson is a consultant to Draper Esprit, the parent company of the Manager which is entitled to performance incentive fees and investment management fees from the Company, as well as Promotion Fees in relation to the Offer described in paragraphs 5.1 and 5.3 above.

5.6 Nicholas Lewis, a director of the Company, and Grant Whitehouse, the company secretary, are each members of Downing LLP, which provides administration services to the Company in relation to the agreement described in paragraph 5.2 above.

5.7 Other than as disclosed in paragraphs 5.5 and 5.6 of this section there are no potential conflicts of interests between the duties of the Directors to the Company and their private interests or other duties

5.8 There are no material potential conflicts of interest as between the duties of Elderstreet Investments Limited or Downing LLP, the Company's investment adviser and administration provider respectively, to the Company and duties owed by those service providers to third parties or their other interests.

5.9 The typical investor for whom investment in the Company is designed is an individual retail investor aged 18 or over who is a UK tax payer.

6. Historical Financial Information

9. Articles

9.1 The Company's principal object is to carry on business as an investment company and a venture capital trust. The Memorandum of Association and Articles of Association are available for inspection at the address specific in paragraph 12 below.

9.2 Set out below is a summary of certain key provisions of the Company's Articles of Association which were adopted on 23 June 2017:

A. **Voting rights**

Every Shareholder present in person at a general meeting shall upon a show of hands have one vote and every Shareholder present in person or by proxy shall upon a poll have one vote for every share held by him.

The share capital of the Company is divided into Ordinary Shares and Sustainable Technology Shares (none of which are currently in issue), each with a nominal value of 5p per share.

B. **Dividends**

The Company in general meeting may declare a dividend to be paid to the Shareholders according to their respective rights and interests in the profits, but no larger dividend shall be declared than is recommended by the Directors.

The Ordinary Shareholders shall be entitled to receive, in that capacity, any dividends paid out of the profits available for distribution derived from the assets attributable to the Ordinary Shares.

The Sustainable Technology Shareholders shall be entitled to receive, in that capacity any dividends paid out of the profits available for distribution derived from the assets attributable to the Sustainable Technology Shares.

C. **Distribution of assets on liquidation**

On a winding up the capital and assets of the Company shall be applied as follows: (a) the Ordinary Share Surplus, being the net assets of the Company less those attributable to the Sustainable Technology Shares and a proportion of the fees and expenses of the liquidator, shall be divided amongst the holders of the Ordinary Shares pro rata according to their holding of Ordinary Shares and (b) the Sustainable Technology Share Surplus, being the net assets of the Company less those attributable to the Ordinary Shares and a proportion of the fees and expenses of the liquidator, shall be divided amongst the holders of Sustainable Technology Shares pro rata according to their holding of Sustainable Technology Shares.

D. **Transfer of Shares**

Shares may be transferred by means of the CREST system.

The Directors may, in their absolute discretion and without assigning any further reason therefore, refuse to register any share transfer unless

- it is in respect of a fully paid share;
- it is in respect of a share on which the Company does not have a lien;
- it is in respect of only one class of shares;
- it is in favour of not more than four joint holders as transferees; and
- the conditions referred to in the next succeeding Article have been satisfied in respect thereof.

If the Directors refuse to register a transfer they shall within two months after the date on which the transfer was lodged with the Company send to the transferee notice of the refusal and return to him the instrument of transfer. The registration of transfers may be suspended at such times and for such period as the Directors may from time to time determine and either generally or in respect of any class of shares provided that the register shall not be closed for more than thirty days in any year.

E. **Variation of rights**

If at any time the capital is divided into different classes of shares all or any of the rights or privileges attached to any class may be varied or abrogated (a) in such manner (if any) as may be provided by such rights, or (b) in the absence of any such provision either with the consent in writing of the holders of at least three-fourths of the nominal amount of the issued shares of that class or with the sanction of a special resolution passed at a separate meeting of the holders of the issued shares of that class, but not otherwise.

The creation or issue of shares ranking pari passu with or subsequent to the shares of any class shall not (unless otherwise expressly provided by these Articles or the rights attached to such last mentioned shares as a class) be deemed to be a variation of the rights of such shares.

F. **Increase or reduction of capital**

The Company may, from time to time, by Ordinary Resolution, increase the capital of the Company by the creation of new shares, such increase to be of such aggregate amount and to be divided into shares of such respective amounts as the resolution may prescribe.

The Company may from time to time by Special Resolution reduce its share capital, any capital redemption reserve fund and any share premium account in any manner authorised by law. The Company may also by Ordinary Resolution cancel any shares not taken or agreed to be taken by any person and diminish the amount of its share capital by the nominal value of the shares so cancelled.

G. **Directors**

Unless and until otherwise determined by the Company in General Meeting the number of Directors shall not be less than two nor more than ten. The continuing Directors may act notwithstanding any vacancy in their body, provided that if the number of the Directors be less than the prescribed minimum the remaining Director or Directors shall forthwith appoint an additional Director or Directors to make up such minimum or shall convene a general meeting of the Company for the purpose of making such appointment. If there is no Director or are no Directors able or willing to act then any two holders may summon a general meeting for the purpose of appointing Directors.

At the next Annual General Meeting following a Director's first appointment such Director shall retire from office and may stand for re-election.

The Directors shall be paid out of the funds of the Company by way of fees for their services and shall be entitled to be repaid all reasonable travelling, hotel and other expenses incurred by them respectively in or about the performance of their duties.

H. **Meetings of Directors**

The Directors may meet together in person or by for the dispatch of business, adjourn and otherwise regulate their meetings as they think fit, and determine the quorum necessary for the transaction of business. Until otherwise determined two Directors shall constitute a quorum. Questions arising at any meeting shall be determined by a majority of votes. In case of any equality of votes the Chairman shall have a second or casting vote.

I. **Directors' Interests**

The Board may, provided the quorum and voting requirements are satisfied, authorise any matter that would otherwise involve a Director breaching his duty under the Companies Act 2006 to avoid conflicts of interest. Where the Board gives authority in relation to such a conflict, it may impose terms upon the Director concerned including, without limitation, the exclusion of that Director from the receipt of information, or participation in discussion (whether at meetings of the Board or otherwise) related to the conflict and the Director concerned and any other Director with a similar interest will be obliged to conduct himself in accordance with any terms imposed by the Board from time to time.

J. **General Meetings**

Annual general meetings shall be held at such time and place as may be determined by the Directors and within a period of six months beginning on the day following the Company's accounting reference date.

An annual general meeting called for the passing of a special resolution and/or ordinary resolution shall be called by not less than twenty-one days' notice in writing, and all other general meetings of the Company shall be called by not less-than fourteen days' notice in writing unless it is proposed to pass a resolution of which special notice is required by law, in which case 28 days' notice is required.

The quorum for a general meeting shall not be less than two Shareholders present in person or by proxy. If within half an hour from the time appointed for the meeting a quorum is not present, the meeting, if convened by or upon the requisition of Shareholders, shall be dissolved. In any other case it shall stand adjourned to such time (being not less than fourteen days and not more than twenty eight days hence) and at such place as the Chairman shall appoint. At any such adjourned meeting the Shareholder or Shareholders present in person or by proxy and entitled to vote shall have power to decide upon all matters which could properly have been disposed of at the meeting from which the adjournment took place.

K. **Borrowing Powers**

The Directors may exercise all the powers of the Company to borrow money and to mortgage or charge its undertaking property and uncalled capital, or any part thereof and to issue debentures and other securities. The Directors shall restrict the borrowings of the Company that the aggregate amount at any one time owing by the Company shall not at any time without the previous sanction of the Company in general meeting exceed the greater of the sum of ten per cent of the aggregate of the paid up share capital of the Company and amount standing to the credit of the consolidated reserves of the Company and its subsidiaries whether distributable or undistributable and including (without limitation) share premium account, capital redemption reserve and profit and loss account.

10. Consent to use prospectus

The Company and the Directors consent to the use of this Prospectus and accept responsibility for its content also with respect to the subsequent resale or final placement of securities by any financial intermediary which was given consent to use this prospectus. The period for which consent to use this prospectus is given and the offer period within which subsequent resale or final placement of securities by financial intermediaries can be made commences 16 February 2021 and closes on 31 July 2021 (subject to the extension of the Offer at the discretion of the Directors). All financial intermediaries may use this Prospectus for subsequent resale of final placement of the securities in the UK. There are no conditions attaching to this consent.

In the event of an offer being made by a financial intermediary, the financial intermediary will provide information to investors on the terms and conditions of the offer at the time the offer is made.

Any financial intermediary using this prospectus has to state on its website that it uses the prospectus in accordance with the consent and the conditions attached thereto.

11. Consents

The Sponsor and the Manager have given and have not withdrawn their written consents to the issue of this document with the references to them in the form and context in which they appear.

TERMS & CONDITIONS OF APPLICATION

1. The right is reserved to reject any Application in whole or in part or to accept any Application in whole or in part and to allot New Ordinary Shares notwithstanding that the Offer is not subscribed in full. If any Application is not accepted, or if any contract created by acceptance does not become unconditional, or if any Application is accepted for a lesser amount than was applied for, the application monies or the balance of the amount paid on Application will be returned without interest by post at the risk of the Applicant.

2. By completing and delivering an Application Form, you:

   (a) irrevocably offer to subscribe the amount of money specified in your Application Form or such lesser amount as is accepted (in each case such amount being referred to as the "**Application Amount**") which shall be applied to purchase New Ordinary Shares on the basis of the Pricing Formula set out on page 41 of this Prospectus and subject to the provisions of the Prospectus including these Terms and Conditions and the Articles.

   (b) accept that the Net Asset Value used will be the most recently announced net asset value per Ordinary Share, updated at the discretion of the Board should there be a material movement in Net Asset Value, and adjusted where necessary for the subsequent payment of dividends, expressed in pence (sterling) prior to the date of allotment of the relevant New Ordinary Shares (and will ordinarily be unaudited);

   (c) authorise your financial adviser, or whoever he or she may direct, Link Asset Services or the Company to send a document of title for the number of New Ordinary Shares for which your Application is accepted, and/or a crossed cheque for any monies returnable, by post at your risk to your address as set out on your Application Form;

   (d) agree that in consideration of the Company agreeing that it will not, prior to the closing date of the Offer, offer any New Ordinary Shares to any persons other than by means of the procedures set out or referred to in this Prospectus, agree that your Application may not be revoked prior to the Offer closing and that this paragraph constitutes a collateral contract which will become binding upon despatch by post or delivery of your Application Form duly completed to the Company or to your financial adviser;

   (e) warrant that your remittance will be honoured on first presentation and agree that, if such remittance is not so honoured, you will not be entitled to receive a share certificate for the New Ordinary Shares applied for or to enjoy or receive any rights or distributions in respect of such New Ordinary Shares unless and until you make payment in cleared funds for such New Ordinary Shares and such payment is accepted by the Company (which acceptance shall be in its absolute discretion and may be on the basis that you indemnify it against all costs, damages, losses, expenses and liabilities arising out of or in connection with the failure of your remittance to be honoured on first presentation) and that at any time prior to unconditional acceptance by the Company of such late payment in respect of such New Ordinary Shares, the Company may (without prejudice to its other rights) treat the agreement to allot such New Ordinary Shares as void and may allot such New Ordinary Shares to some other person, in which case you will not be entitled to any refund or payment in respect of such New Ordinary Shares (other than return of such late payment);

   (f) agree that all cheques and bankers' drafts may be presented for payment on the due dates and any definitive document of title and any monies returnable to you may be retained pending clearance of your remittance and the completion of any verification of identity required by the Money Laundering Regulations and that such monies will not bear interest;

   (g) undertake to provide satisfactory evidence of identity within such reasonable time (in each case to be determined in the absolute discretion of the Company and the Manager) to ensure compliance with the Money Laundering Regulations;

   (h) agree that, in respect of those New Ordinary Shares for which your Application has been received and processed and not rejected, acceptance of your Application shall be constituted by the Company instructing Link Asset Services to enter your name on the share register of the Company;

(i) agree that all documents in connection with the Offer and any returned monies will be sent at your risk and may be sent to you at your address as set out in the Application Form;

(j) agree that, having had the opportunity to read this document, you are deemed to have had notice of all information and representations contained therein including the risk factors contained on pages 13 to 15;

(k) confirm that (save for advice received from your financial adviser) in making such application you are not relying on any information or representation other than those contained in this document and you accordingly agree that no person responsible solely or jointly for this document will have any liability for any such other information or representation;

(l) agree that all Applications, acceptances of Applications and contracts resulting there from under the Offer shall be governed by and construed in accordance with English law and that you submit to the jurisdiction of the English courts and agree that nothing shall limit the right of the Company to bring any action, suit or proceedings arising out of or in connection with any such Applications, acceptance and contracts in any other manner permitted by law or in any court of competent jurisdiction;

(m) authorise the Company, Link Asset Services or the Manager or any other person authorised by them, as your agent, to do all things necessary to effect registration of any New Ordinary Shares subscribed by you into your name and authorise any representatives of the Company, Link Asset Services or the Manager to execute any document required therefor and to enter your name on the register of members of the Company;

(n) agree to provide the Company, Link Asset Services, The City Partnership (UK) Ltd or the Manager with any information which they may request in connection with your Application or to comply with the VCT regulations or other relevant legislation (as the same may be amended from time to time);

(o) warrant that, in connection with your Application, you have observed the laws of all requisite territories, obtained any requisite governmental or other consents, complied with all requisite formalities and paid any issue, transfer or other taxes due in connection with your Application in any territory and that you have not taken any action which will or may result in the Company or the Manager acting in breach of the regulatory or legal requirements of any territory in connection with the Offer or your Application;

(p) confirm that you have read and complied with paragraph 3 below;

(q) confirm that you have reviewed the restrictions contained in paragraph 4 below;

(r) warrant that you are not under the age of 18 years;

(s) if the laws of any territory or jurisdiction outside the United Kingdom are applicable to your Application, warrant that you have complied with all such laws and none of the Company or the Manager or any of their respective agents will infringe any laws of any such territory or jurisdiction directly or indirectly as a result or in consequence of any acceptance of your Application;

(t) agree that your Application Form is addressed to the Company;

(u) warrant that if you sign the Application Form on behalf of somebody else or yourself and another or others jointly or a corporation you have the requisite power to make such investments as well as the authority to do so and such person will also be bound accordingly and will be deemed also to have given the confirmations, warranties and undertakings contained in these terms and conditions of application and undertake (save in the case of signature by an authorised financial adviser on behalf of the Investor) to enclose a power of attorney or a copy thereof duly certified by a solicitor with the Application Form;

(v) warrant that you are not subscribing for the New Ordinary Shares using a loan which would not have been given to you, or not given to you on such favourable terms, if you had not been proposing to subscribe for the New Ordinary Shares;

(w) warrant that the New Ordinary Shares are allotted to you for bona fide investment purposes and not as part of a scheme or arrangement, the main purpose of which, or one of the main purposes of which, is the avoidance of tax;

(x) warrant that you are not a US Person or resident of Canada and that you are not applying on behalf of or with a view to the offer, sale or delivery, directly or indirectly, to or for the benefit of any US Person or resident of Canada; and

(y) warrant that the information contained in the Application Form is accurate.

3. No person receiving a copy of this document or an Application Form in any territory other than the United Kingdom may treat the same as constituting an invitation or offer to him or her, nor should he or she in any event use such Application Form unless, in the relevant territory, such an invitation or offer could lawfully be made to him or her or such Application Form could lawfully be used without contravention of any registration or other legal requirements. It is the responsibility of any person outside the United Kingdom wishing to make an application thereunder to satisfy himself or herself as to the full observance of the laws of any relevant territory in connection therewith, including obtaining any requisite governmental or other consents, observing any of the formalities requiring to be observed in such territory and paying any issue, transfer or other taxes required to be paid in such territory.

4. The New Ordinary Shares have not been and will not be registered under the United States Securities Act 1933, as amended, or under the securities laws of any state or other political subdivision of the United States, and may not be offered or sold in the United States of America, its territories or possessions or other areas subject to its jurisdiction (the "USA"). In addition, the Company has not been and will not be registered under the United States Investment Company Act of 1940, as amended. No Application will be accepted if it bears an address in the USA.

5. This Application is addressed to the Company. The rights and remedies of the Company and the Manager under these Terms and Conditions are in addition to any rights and remedies which would otherwise be available to either of them, and the exercise or partial exercise of one will not prevent the exercise of others.

6, The dates and times referred to in these Terms and Conditions may be altered by the Company. In particular, the Directors may close the Offer early at their sole discretion and may allot New Ordinary Shares pursuant to the Offer notwithstanding that the Offer is not fully subscribed.

7. Authorised financial intermediaries who, acting on behalf of their clients, return valid Application Forms (in each case bearing their stamp and FCA number) following the provision of restricted advice to their professional clients or in respect of execution-only transactions where they can demonstrate and confirm to the Company that their duty to act honestly, fairly and professionally in the best interest of the client is not impaired and that they provide an enhanced value service in accordance with COBS 2.3A.6 to 2.3A.9, will be entitled to commission on the amount payable in respect of the New Ordinary Shares allocated for each such Application Form at the rates specified in the paragraph "Terms of the Offer" in Part 6 (Information relating to the Offer) of this document. Commission may also be payable where advisors have provided restricted advice to their professional clients. The Company reserves the right to amend its policy on the payment of commission at any time. Authorised financial intermediaries may agree to waive part or all of their initial commission in respect of an Application. If this is the case, then the Application Amount will be increased by an amount equivalent to the amount of commission waived. Financial intermediaries should keep a record of Application Forms submitted bearing their stamp to substantiate any claim for their commission. No commission is payable on reinvested commission. In addition, provided they continue to act for their client and the client continues to hold such New Ordinary Shares, such intermediaries will usually be paid an annual trail commission of 0.25% of the gross subscription for a maximum of five years. Annual trail commissions will be paid in October (commencing in October 2021) by the Company.

8. In respect of Applications received where commission is payable in accordance with applicable rules and guidance, such commission (but not annual trail commission) will be taken into account when calculating, and will reduce, the number of New Ordinary Shares which are to be issued on the basis of the Pricing Formula.

9. Where Application Forms are returned on your behalf by an authorised financial intermediary who has given you a personal recommendation in respect of your application, the Company will facilitate the payment of any up-front Adviser Charge agreed between you and your intermediary, as validated by your completion of Section 6 on the Application Form. The amount of the agreed Adviser Charge will be facilitated by the Company making a payment on your behalf equal to

the agreed up-front Adviser Charge to the intermediary from the Company's share premium account (or reserves created therefrom) in respect of share capital issued prior to 6 April 2014 and this will be taken into account when calculating, and will reduce, the number of New Ordinary Shares which are issued to you on the basis of the Pricing Formula. The Applicant will be issued fewer New Ordinary Shares to the equivalent value of the Adviser Charge. The Adviser Charge is inclusive of VAT, where applicable.

10. If you have agreed to pay on-going charges to an intermediary in respect of services related to your investment, for example, for conducting associated administrative tasks or managing your relationship with the Company, then the Company will not facilitate the payment of any such on-going adviser charge.

11. The section headed Application Procedure below forms part of these Terms and Conditions.

12. It is a condition of the Offer that compliance with the Money Laundering Regulations is ensured. The City Partnership (UK) Ltd is therefore entitled to require, at its absolute discretion, verification of identity from any Applicant including, without limitation, any person who either (i) tenders payment by way of a cheque or banker's draft drawn on an account in the name of a person or persons other than the Applicant or (ii) appears to The City Partnership (UK) Ltd to be acting on behalf of some other person. Pending the provision of evidence satisfactory to The City Partnership (UK) Ltd as to the identity of the Applicant and/or any person on whose behalf the Applicant appears to be acting, The City Partnership (UK) Ltd may, in its absolute discretion, retain an Application Form lodged by an Applicant and/or the cheque or other remittance relating thereto and/or The City Partnership (UK) Ltd may not enter the Applicant on the register of members of the Company or issue any share certificates in respect of such Application. If verification of identity is required, this may result in delay in dealing with an Application and in rejection of the Application. The Company reserves the right, in its absolute discretion, for it or The City Partnership (UK) Ltd to reject any Application in respect of which The City Partnership (UK) Ltd considers that, having requested verification of identity, it has not received evidence of such identity satisfactory to it by such time as was specified in the request for verification of identity or in any event within a reasonable period. In the event of an Application being rejected in any such circumstances, the Company reserves the right in its absolute discretion, but shall have no obligation, to terminate any contract of allotment relating to or constituted by such Application Form (in which event the money payable or paid in respect of the Application will be returned (without interest) to the account of the drawee bank from which such sums were originally debited) and/or to endeavour to procure other subscribers for the Shares in question (but in each case without prejudice to any rights the Company may have to take proceedings to recover in respect of loss or damage suffered or incurred by it as a result of the failure to produce satisfactory evidence as aforesaid). The submission of an Application Form will constitute an undertaking by the Applicant to provide promptly to The City Partnership (UK) Ltd such information as may be specified by it as being required for the purpose of the Money Laundering Regulations.

13. The right is also reserved to treat as valid any application not complying fully with these Terms and Conditions for the Offer or not in all respects complying with the Application Procedure. In particular, but without limitation, the Company may accept Applications made otherwise than by completion of an Application Form where the Applicant has agreed in some other manner acceptable to the Company to apply in accordance with these Terms and Conditions. The Company reserves the right to make non-material amendments to these Terms and Conditions without notice to any person.

APPLICATION PROCEDURE

Lodging of Application Forms and dealing arrangements

The Offer opens on 16 February 2021 and will close for Applications at 4.00 p.m. on 31 July 2021, subject to the discretion of the Directors to extend the Offer or close it early.

Applications may be made in respect of the tax year 2020/21 and/or the tax year 2021/22.

We encourage you to complete and submit your Application Form online at https://www.draperespritvct.com/.

Alternatively, you may send the completed Application Form, together with your cheque or banker's draft, by post, or deliver it by hand (during normal business hours), to the Company's Receiving Agent:

The City Partnership (UK) Limited, Suite 2 Park Valley House, Park Valley Mills, Meltham Road, Huddersfield HD4 7BH

Or submitted electronically to **ra@city.uk.com**.

You do **NOT** need to follow-up an electronic submission with the original hard copy Application Form.

If you post your Application Form, you are recommended to send it first class, use recorded delivery and to allow at least two Business Days for delivery.

Applications submitted (in particular with a cheque) should allow at least three Business Days for funds to clear (in particular in relation to ensuring the Receiving Agent is in receipt of cleared funds prior to the Offer being closed).

Applications under the Offer will otherwise be accepted on a first come, first served basis (provided cheques are not post-dated and with priority being given to Applications with cleared funds), subject always to the discretion of the Board.

If you have any questions on how to complete the Application Form please contact The City Partnership (UK) Limited on telephone 01484 240 910 (Mon-Fri 9am-5.30pm), or email ra@city.uk.com, or speak to your financial intermediary.

MONEY LAUNDERING NOTICE – IMPORTANT

The identity of the Applicant and, if Application monies are being provided by a third party, the identity of that third party will need to be verified in accordance with the Money Laundering Regulations.

In relation to Applications made via a financial intermediary, the financial intermediary should complete verification of the Applicant and, by signing the Application Form, confirms this.

In relation to direct Applications (single or linked) which are above the British Pound Sterling equivalent of 15,000 euros (and any third party from whom Application monies will be received whether for a direct Application or an Application made via a financial intermediary), the personal information provided on the Application Form in relation to the Applicant (and/or, as applicable, such third party payer) will be used to verify identity with a third party agency.

In some circumstances you (and/or, as applicable, such third party payer) may also be required to provide additional information (as requested by the Company and/or the Receiving Agent) and/or the following documents before your Application is accepted:

- certified copy of either the passport or the driving licence of the Applicant (and third party payer if different); and
- an original bank or building society statement or utility bill (no more than three months old), or recent tax bill, in the name of the Applicant (and third party payer if different) showing a current address.

Copies should be certified by a third party professional - with whom you have an existing relationship and who, therefore, holds a record of your personal information - who is subject to professional rules of conduct such as a lawyer, actuary or accountant who is a member of a recognised professional body in the United Kingdom or a director, officer or manager of a financial services business authorised and regulated by the Financial Conduct Authority. Some Post Offices also provide a document certification service.

You may use email and a third party to certify the documents if a face-to-face meeting with a certifier is not possible in the current circumstances. Please contact the Receiving Agent for further information regarding the email and third party validation process.

Alternatively, you may send “wet signature” certified documentation to the Receiving Agent by post. If you submit original documents for review, they will be returned only if requested and by post at your risk.
