Notice to Investors

Don't invest unless you're prepared to lose all the money you invest. This is a high-risk investment, and you are unlikely to be protected if something goes wrong. [Take two minutes to learn more.](#)

This Information Memorandum ("IM") is dated September 2023. Certain terms used in this Information Memorandum are defined elsewhere in this Information Memorandum.

This Information Memorandum is issued and approved as a financial promotion for the purposes of Section 21 Financial Services and Markets Act 2000 ("FSMA") by Ascension Ventures Ltd, the Manager of the Ascension 2023 Fund (the "Fund"). Ascension Ventures Ltd is authorised and regulated by the Financial Conduct Authority (the "FCA"), reference 833108 and has its registered address at 10 Orange Street, Haymarket, London, United Kingdom, WC2H 7DQ.

The Fund is a non-readily realisable security and, as a direct offer financial promotion, this Information Memorandum can therefore only be communicated to the following category of persons:

- clients of FCA authorised firms that will provide advice on the suitability of this Fund; or
- those requesting information on behalf of an FCA authorised firm, accountant or tax advisor, and who will only communicate this information to certified sophisticated, high net worth or restricted investors; or
- this information to self-certified or certified sophisticated, certified high net worth or restricted investor(s); or
- prospective investors who have already made a declaration to the Fund Manager that they meet the FCA's definition of one of the following:
 - a certified high net worth investor within the meaning of COBS 4.7.9 (1) (a) R
 - a self-certified sophisticated investor within the meaning of COBS 4.7.9 (1) (c) R
 - a certified sophisticated investor within the meaning of COBS 4.7.9 (1) (b) R
 - a restricted investor within the meaning of COBS 4.7.10 R

Regulatory Disclaimers

This IM is issued solely for the purpose of seeking applications to the Ascension EIS Fund ("the Fund"). Prospective Investors should not regard the contents of this Information Memorandum as constituting advice relating to legal, taxation, financial, or investment matters. All potential investors should seek professional advice including tax and financial advice from a suitable qualified independent adviser authorised under FSMA before subscribing to the Fund. Investors' money subscribed to the Fund will be committed to investments which may be of a long term and illiquid nature. The companies in which the Fund invests are highly unlikely to be quoted on any regulated market at the time of initial investment and, accordingly, there will not be an established or ready market for any such shares and the Manager may experience difficulty in realising them (for value or at all).

The Information Memorandum contains certain information that constitutes "forward-looking statements" which can be recognised by use of terminology such as "may", "will", "should", "anticipate", "estimate", "intend", "continue", or "believe" or their respective negatives or other comparable terminology. Forward-looking statements are provided for illustrative purposes only. Due to various risks and uncertainties, actual events, results or performance may differ materially from those reflected or contemplated in such forward-looking statements.

(Seed) Enterprise Investment Scheme ("(S)EIS") funds, such as this Fund, which are structured as discretionary investment management services, fall within the FCA's expanded definition of the "Retail Investment Products" and Financial Advisors should consider this before giving advice. The Manager reserves the right to update this Information Memorandum from time to time.

Prospective Investors should note that the Fund is an 'alternative investment fund' (or "AIF") for the purposes of the Alternative Investment Fund Managers Regulations 2013 ("AIFMR"). It is not a collective investment scheme within the meaning of section 235 of the Financial Services and Markets Act 2000 nor a non-realisable securities Investment. The Fund will, however, constitute a collective investment undertaking within the meaning of the Markets in Financial Instruments Directive ("MiFID") and, by virtue of the exemption for collective investment undertakings and their managers in Article 2.1(i) of MiFID, the Fund (and the management by the Manager thereof) falls outside the remit of MiFID.

The Manager is an alternative investment fund manager ("AIFM") for the purposes of AIFMR. Prospective Investors' attention is drawn to the fact that the Manager is exempted from the full extent of AIFMR by virtue of falling below the so-called "de minimis threshold". Therefore, the prospective Investors shall not benefit from all rights from the AIFMR.

The availability of the (S)EIS Reliefs mentioned in this document and the tax treatment of an individual investor depends on their individual circumstances and may be subject to change in future. The availability of tax reliefs in relation to an investee company generally depends on the Investee Company maintaining its qualifying status.

Although the Manager will seek (S)EIS Advance Assurance for any potential Investee Company of the Fund before making an investment, the Manager cannot guarantee that (S)EIS Relief will be available and even if obtained such relief may in certain circumstances subsequently be withdrawn.

Past performance is not a reliable indicator of future performance and Investors should be aware that share values and income from them may go down as well as up. Investors may not get back the amount subscribed and could lose all funds invested. Changes in legislation in respect of (S)EIS in general, and qualifying investments and qualifying trades in particular, may affect the ability of the Fund to meet its objectives and/or reduce the level of returns which would otherwise have been achievable.

The Manager and Administrator are covered by the Financial Services Compensation Scheme as set out in **clause 18** of the Investor Agreement.

Applications may only be made and will only be accepted subject to the terms and conditions set out in the associated Investor Agreement. If you require any further investment information, please contact investors@ascension.vc or 0207 183 8202.

Previous Investments and Recommendations

Past specific investment recommendations have been selected for illustrative purposes only and are not intended to be, and should not be interpreted as recommendations. Investment examples are used throughout this Information Memorandum to highlight the Ascension Team's process. The investments have been selected based on their relevance and not based on performance. There is no guarantee future Investments will be successful. Past performance is not a reliable indicator of future results.

Key Risks

This investment is not suitable for all Investors. Investors should be aware that investing in unquoted companies (including Qualifying Companies) carries with it a high degree of inherent risk. Please refer to the section "**Part Ten: Risk Factors**". The section lists out key risk factors that the Manager believes to be associated with an investment in the Fund, but does not necessarily include all the risks associated with such an investment. This section classifies risks into three main categories: **Investment Risks, Risks Relating to the (S)EIS Scheme** and **Other Risks Related to Taxation**.

Part One

Overview

Part One: Ascension Overview

The objective of the Ascension EIS Fund (“the Fund”) is to deliver tax-free capital growth from a portfolio of Enterprise Investment Scheme investments (EIS). The Fund is operated as a discretionary managed portfolio service structured as an Alternative Investment Fund (“AIF”).

Ascension has been investing in early-stage technology companies since 2013. The Ascension EIS was reviewed by Tax Efficient Review (TER) in April 2023 with a score of 86. TER noted Ascension as being at the top table of EIS managers, as ‘an established manager with a track record’. The fund was also voted the 2022 Seed Fund of the Year by the UK Business Angels Association.

Ascension has 12 realisations to date - Libryo, Cloudbounce, Greendeck, Credit Kudos, Percent, Bizzon, Loop, Mutt Motorcycles, Chilli Connect, Albert and ZigZag. Over 70 of Ascension’s investments are currently valued at +200%. For more information on our exits, please view the Track Record section (Part Six).

In addition to fast access to capital, the Ascension community - 16 Operator/Managers, 17 Venture Partners provide portfolio companies with what they need to scale - in operations, marketing, business development and introductions to Series A investors. The Ascension Venture Partners have multiple \$100m / \$1bn exits to their names in companies including Peloton, Hopin, Expedia and Moderna. **All Ascension Venture Partners have an equity stake in the business.**

Ascension has two institutional funds alongside the tax efficient (S)EIS funds - the Good Food Fund (GFF) and the Fair By Design Fund (FBD). These institutional funds are backed by the Joseph Rowntree Foundation, Comic Relief, Big Society Capital and Nationwide Building Society. Ascension is currently raising a new institutional impact fund, Ascension Fund III, which will invest in businesses which aim to alleviate the cost of living crisis.

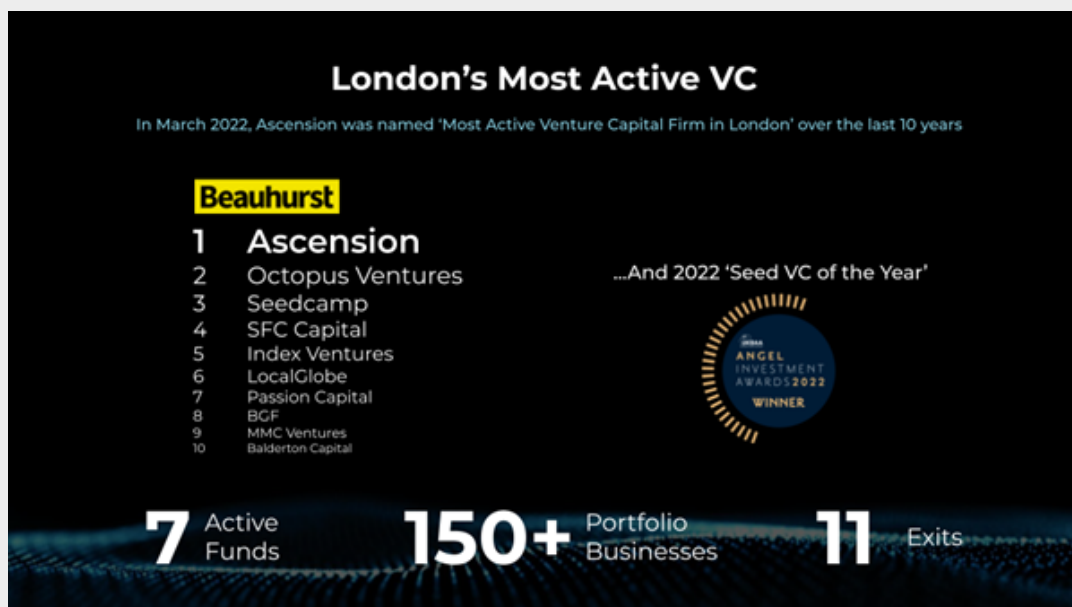

The following graphic marks the evolution of Ascension's AUM since 2015:

Industry Recognition

Ascension is increasingly recognised by the industry for its investments and the track record it is building. For more on the Seed VC of the Year accolade from the UK Business Angels Association, please read our press release [here](#). We were also ranked as London's most active investor in the last decade ([Beauhurst](#)). See screenshot below for the other funds ranked.

Founder Recognition

In 2021, Ascension was ranked among the top-10 London VCs according to Landscape, a resource for entrepreneurs of VC-backed businesses to share experiences with investors. Ascension was featured alongside Episode One, Talis, Kindred and others and was ranked highly for:

Testimonials anonymously offered by Ascension's portfolio to LandscapeVC

Around £1m has been reinvested by Ascension founders into funds. Al Gerrie, the founder of ZigZag, was one of these founders, reinvesting part of his proceeds into Ascension's latest EIS fund, explaining:

|| When we were acquired by Global Blue, it was a priority of mine to remain a part of the Ascension family through investing in the fund. It is great to continue to be a part of the fund today. Ever since Ascension invested in ZigZag in 2017, in addition to capital, the team provided me with support tools needed in order to scale. The value they brought to ZigZag was extensive: through helping with distribution channels, introductions to later-stage investors and in communications and marketing.

Acquired by

Acceleration of Exits

Ascension has had 8 new realisations in 2022 alone - see graphic on page 30 for more detail on these. Notable exits include Apple's acquisition of Credit Kudos in the Fair By Design Fund (8x) and Percent's secondary share sale (10x).

A Fund for Founders and VCs

The community of founders, Venture Partners, Mentors, Co-Investors that Ascension has built in the technology space over the last 8 years has been productive, leading to a sharing of deal-flow between leading VCs and angel investors.

Ascension portfolio companies continue recommending Ascension to other founders looking to build companies, a community which blossoms through a prolific events strategy, a catered Slack workspace and a suite of curated offers for the portfolio including Stripe, Amazon Web Services and office space providers.

Investment Opportunity

- The Fund began investing in 2017, creating a portfolio of at least 8 EIS qualifying businesses for each investor over a twelve month period. It operates as an Evergreen structure (quarterly closes) with capacity for £5m per year
- The Fund focuses on the late seed stage, which can offer more attractive returns than Series A, due to lower entry valuations. Businesses typically evidence early product market fit (£30k+ in monthly recurring run rate ('MRR')), are on the cusp of quick growth, with a planned route to Series A funding, and will have 12-18 months+ cash runway as part of the Fund's investment, assuming no increase in recurring revenues
- The opportunity for retail investors to invest in an EIS Fund that co-invests alongside institutional VCs & high-profile angel investors, but with the benefits of EIS tax reliefs
- Invest in a Fund that is run by an experienced and diverse team of successful entrepreneurs and investment professionals, who have been operating (and investing in) the UK's tech ecosystem, via (S) EIS, for 8+ years

Key Information

- An EIS Evergreen Fund with four closes per tax year, providing investors with a portfolio of at least 8 EIS Qualifying businesses, each typically raising £2m-£4m
- Target return of £3.00 per £1.00 invested over 3 to 6 years, net of Ascension fees and excluding tax incentives
- Low, transparent, fully aligned and tax efficient fees: 5% investor subscription fee and 1% deferred annual management fee
- Ascension EIS Investors benefit from a market-leading performance fee hurdle of 130%
- Key focus areas: FinTech, eCommerce, Sustainability, New Work, Next Gen Media, Health, and DeepTech
- All investments will be expected to have received EIS Advance Assurance prior to investment
- The Fund expects to invest subscriptions within 12 months of each Closing Date
- Electronic EIS3 certificates will be issued for each individual Investment, typically within 12-16 weeks, through Mainspring's custodian portal
- The exit route for successful Investments is most likely to be via trade sale (M&A) or an initial public offering (IPO) or a secondary sale of shares
- Investors will receive distributions from the proceeds of successful realisations as they are made

Part Two

About the Ascension EIS Fund

Part Two: About the Ascension EIS Fund

Key Investment Features

The Fund focuses on technology companies raising their pre-Series A funding rounds and bridges the equity gap between Seed (SEIS round) and Series A (institutional round), what Ascension terms '**late seed**'.

Most target investments operate as early-stage scalable, IP rich and tech-enabled businesses. Ascension has adopted an investment approach that focuses on three key elements of any potential business: **the quality of the team, the robustness of the technology vs. competition, and the market size/potential of the product.**

At the stage where the Fund invests, the **founding team is the most important consideration** - if the team is strong and combines a mastery of the problem they are trying to solve with a keen eye on commercial opportunities, Ascension will consider an investment. Typically, the team would have at least two co-founders with complementary skill sets: **CEO and CTO.**

The Ascension team next focuses on the **quality of the technology** underlying each product, as well as its ability to create a moat around the market opportunity versus current or future competition.

Additionally, the potential investee company will have a compelling business model capable of rolling out in a **large market with global potential.**

Once confidence in the team, product and market is established, analysis is conducted to discern whether there is a **clear route to market** for the distribution of the product and to decide where Ascension can add value.

Technology Focus

UK universities have some of the greatest pools of talent in leading fields such as Big Data, Artificial Intelligence, Content Creation and Financial Technologies. Ascension's practical operating and investment experience has led it to focus on seven areas (with a sample illustrative EIS investment from its current portfolio) where it feels above average returns are achievable:

 DeepTech (<u>MonolithAI</u>)	 Sustainability (<u>Mellizyme</u>)	 Commerce (<u>ZigZag</u> - acquired) <small>Acquired by Global Blue, 2021</small>	 New Work (<u>HURR</u>)
 Next Gen Media (<u>Thursday Dating</u>)	 Health (<u>Veratrak</u>)	 Fintech (<u>Albert</u> - acquired) <small>Acquired by Santander Group, 2018</small>	

These are the key focus areas where Ascension believes scalable intellectual property assets and value can be created quickly with moderate funding; all sharing mainly Business-to-Business (B2B) and Business-to-Business-to-Consumer (B2B2C) business models.

ESG and Impact Specialist

Along with investing in technology companies, since inception we have been specialist investors in 'impact', i.e. businesses which marry purpose with profit. We also refer to these investments as 'tech for good'. At Ascension, we believe that 2020 began the 'Decade of Purpose', where people are leaving large corporations to join businesses with a clearly defined mission and purpose.

Since inception, we have made 150+ investments, of which 60% are classified as 'tech for good'. Of the 12 exits to date, 6 of them are 'tech for good'. These include ZigZag, acquired by Global Glue, which helps retailers manage and resell returned stock and learning management system Loop.

Ascension is also recognised by the industry for the work we do in this space and was recently named the UK's most active impact investors (Beauhurst).

Deal-Flow & Co-Investment

Ascension believes in the power of its network to support businesses wishing to grow and flourish to Series A investment. In addition to the wealth of industry-specific knowledge and experience held by the Ascension team, Venture Partners and Mentors alike, the Fund embraces a co-investment approach, collaborating with the angel community and other VCs. This philosophy not only increases deal-flow opportunities, but also the likelihood that portfolio companies are well capitalised and supported on their journey from late seed to Series A.

With the Fund's focus on the equity gap between Seed and Series A, it generates the opportunity for deal-flow from both early-stage and later-stage VCs. Ascension has co-invested with and received deal-flow opportunities from all of the VCs illustrated:

Part Three

Key Terms

Part Three: Key Terms

Fund Name

Ascension EIS Fund ("Fund").

Investment Focus

The Fund will focus on high-growth potential technology businesses.

Fund Structure

The Fund is operated as a discretionary managed portfolio service, structured as an AIF. It is managed by Ascension Ventures Ltd, which is authorised and regulated by the FCA.

Evergreen Fund

The Fund will operate an Evergreen Fund model with no intended final termination date. Realisations will be returned to Investors as they occur.

Closing Dates

The Fund will accept Subscriptions every quarter on an ongoing basis, with Closes on the 4th January, 4th April, 4th July and 4th October each year.

Portfolio

It is intended that Investors will receive a diversified portfolio of approximately 8-10 companies within 12 months of each Close (although it should be noted that the number of companies is an estimate and may increase or decrease). Funds raised in each Close will be invested alongside those funds subscribed in prior Closes and in subsequent Closes.

Minimum Subscription

The Minimum Subscription by an Investor in the Fund is £25,000 and in multiples of £1,000 thereafter.

Fund Administrator & Custodian

The shares in each Investee Company will be registered in the name MNL (Ascension) Nominees Limited, wholly-owned subsidiary of Mainspring Nominees Ltd (or such other nominee the Administrator and Custodian may appoint from time to time to be the registered legal holder of Investments on behalf of the Investors), but the beneficial ownership in such shares will, at all times, belong to the individual investors who will receive the EIS Certificates, on a company-by-company basis, to enable them to claim the appropriate tax reliefs (if relevant).

Performance Fee

Ascension will be entitled to a Performance Fee equal to an aggregate of:

- Standard Performance Fee of 20% of any returns to Investors above £1.30 per £1 of Subscriptions in the Fund; and
- Enhanced Performance Fee of 30% of any returns to Investors above £2.30 per £1 of Subscriptions in the Fund (i.e. after an Investor has received 200% of their gross invested amount net of fees and not including any tax relief); and
- 10% of any returns to Investors above £1 per £1 of any Subscriptions made by Investors in any Investee Company on completion of any Co-Investment alongside the Fund or any Follow-on Funding rounds, subject to such subsequent investment being made by the Investor through the Manager using the same structure as the Fund ("Ascension Syndicate").

Investment & Management Fees

There are fees split between:

- a 5% up-front investment fee, and;
- a Deferred Annual Management Fee equal to 1% payable upon any distribution made to Investors

Part Four

EIS Tax Relief

Part Four: EIS Tax Relief

The Fund's objective is to deliver tax-free capital growth from a portfolio of Enterprise Investment Scheme investments (EIS) in qualifying businesses.

Benefits of EIS

EIS comprises a variety of tax benefits available to UK tax-paying individuals, subject to investments complying with the relevant conditions and requirements. Reliefs that may be available include:

Income Tax Relief

30%

1 tax year carry back. Investment limit of £2m (Knowledge Intensive)

CGT Deferral

<28%

3 calendar years after gain arose or 1 year before.

IHT Exempt

40%

BR Qualifying after 2 calendar years

Loss Relief

<45%

Offset Share Loss against Income Tax in year of loss or carry back to previous tax year

Inheritance Tax Relief (up to 100%)

100% Inheritance Tax Relief (provided the investments have been held for at least 2 years at time of death)

Business Investment Relief ("BIR")

Under BIR, the relevant foreign income and/or gains are treated as not remitted to the UK for the duration of the period that the BIR qualifying investments are held, and for up to 45 days before and after investment

When Non Doms/NORs dispose of their BIR qualifying Investments, they must either transfer the proceeds offshore or reinvest in further BIR qualifying Investments during the 45 day period in order to prevent a taxable remittance from arising

The availability of any tax relief depends on the individual circumstances of each Investor and of the company concerned. This may be subject to change in the future. You should obtain independent tax advice before proceeding with your Subscription.

Case Study 1: CGT Deferral – Landlord / Estate Planning

Landlord seeks to sell property and defer CGT liability and protect capital from IHT

*IHT exemption after two years (BR qualifying) **CGT will need to be paid and reclaimed from HMRC – only for residential property

- Assumes CGT annual allowance utilised already
- Fees not included
- For illustrative purposes only

deployment** £30,000 Income Tax Relief
£17,540 CGT Deferral*

30%
Income Tax
Relief

20%
CGT
Deferral

*Deferred capital gain can be offset against future years capital gains tax allowance

- Fees not included
- For illustrative purposes only

Part Five

The Ascension Team Overview

Part Five: The Ascension Team Overview

Ascension is an early-stage VC built by exited entrepreneurs to back the next generation of tech and impact founders. It has been investing in early-stage UK technology companies for 8 years now, with ten realisations to date. The infrastructure Ascension has developed with its core team, Venture Partners, Mentors, Founders and Co-Investors provides an enduring community in the ecosystem, encouraging deal-flow sharing and ongoing portfolio support.

The goal of the Ascension team is to identify, support and accelerate the success of the next generation of UK technology businesses. Ascension will offer these businesses access to mentoring, resources and portfolio cross-pollination, seeking to enhance investee company performance. In the last eighteen months, Ascension has significantly expanded its team and built a diverse skill set to provide portfolio businesses with what they need to scale. With this support, these businesses can achieve sustainable growth with limited initial capital investment.

Ascension has built a diverse and accomplished team with a breadth of experience and personal brands to juggle the multiple work streams involved in finding the best entrepreneurs and supporting the portfolio's growth

Kip Meek
Chairman

Kip Meek is the Chairman of Ascension, Inquiry Chair at the Competition and Markets Authority (CMA), Chairman of A Million Ads (an Ascension investee company) and a Senior Adviser to the Wireless Infrastructure Group.

He is also the co-founder of the Communications Chambers, a network of senior communications industry professionals, providing public policy and strategic advice to the industry.

He was previously a board member of Ofcom and held senior positions at BT and EE.

Jean de Fougerolles
Managing Partner

Jean de Fougerolles is the founder of Ascension and has over 20 years experience working in media and technology. He guides the team in each investment decision and also supports the portfolio to scale. After obtaining his MBA from INSEAD in 1996, he became Head of Distribution for MTV Europe out of the London office. Jean then started working at Two Way Media, a pioneer in interactive technology, where he became CEO and led its sale to Virgin Media and a leading private equity group. Jean is originally from Montreal where he received his BA in History with Honours from McGill University. He then became an economist in New York, having completed a Masters Degree in International Relations from Columbia University.

Jean was also an early angel investor in Atom Films, later sold to Viacom as part of Atom Entertainment for US\$200 million.

Remy Minute
Partner

He was the founder and CEO of CSC Media Group Ltd, which he sold to Sony Pictures Television for £107m in 2014. Remy has worked in broadcast and technology for nearly 20 years and is an active angel investor. Remy has been a Partner at Ascension since 2018 and is responsible for leading its (S)EIS investments with Toyosi Ogedengbe. Additionally, Remy has been a member of the Ascension Investment Committee for its (S)EIS Funds since 2016.

Emma Steele
Partner

Emma Steele is a Partner at Ascension, heading up its impact funds and focusing on sector verticals across FinTech, Sustainability, and New Work.

Prior to joining Ascension in January 2018, Emma spent five and a half years in the corporate banking division of Santander UK as a Credit Partner in the Large Corporates team and Associate Director in the Healthcare Finance team.

Emma holds an MSc in Development Economics from the University of Sussex and a BSc in Philosophy, Politics & Economics from the University of Warwick.

Rakesh Murria
Chief Operating Officer

Rakesh Murria is Ascension's Chief Operating Officer, and runs investor relations, operations and portfolio management. He joined Ascension in January 2019. Previously, Rakesh built a 20-year career within the technology, media, and telecommunications (TMT) sector, including roles such as Head of Strategy and Director of Product at EE across mobile, fixed line, TV and B2B. Most recently, Rakesh co-founded a FinTech start-up and was pivotal in the product build, commercialisation and growth of the business as it raised £3m in funding. Rakesh also has several years of advisory work with early-stage and growth companies across the technology spectrum, as well as angel investing since 2017.

Toyosi Ogedengbe
Investment Principal

Toyosi Ogedengbe is a Principal at Ascension. Toyosi is responsible for sourcing, screening and performing due diligence on investment opportunities - he manages Ascension's 2,500+ annual deal-flow pipeline. Prior to joining Ascension, Toyosi was an Investment Manager at Speedinvest where he led and executed a number of deals with a focus on Marketplaces and Consumer. He was also previously an investor at both Bessemer Venture Partners and the Creator Fund.

Toyosi holds an MBA from the University of Oxford and a first degree in Electronic Engineering from the University of Bristol.

Iulia Tudor
Portfolio Director

Iulia Tudor is Portfolio Director, leading the work stream related to maximising the value-add to the portfolio.

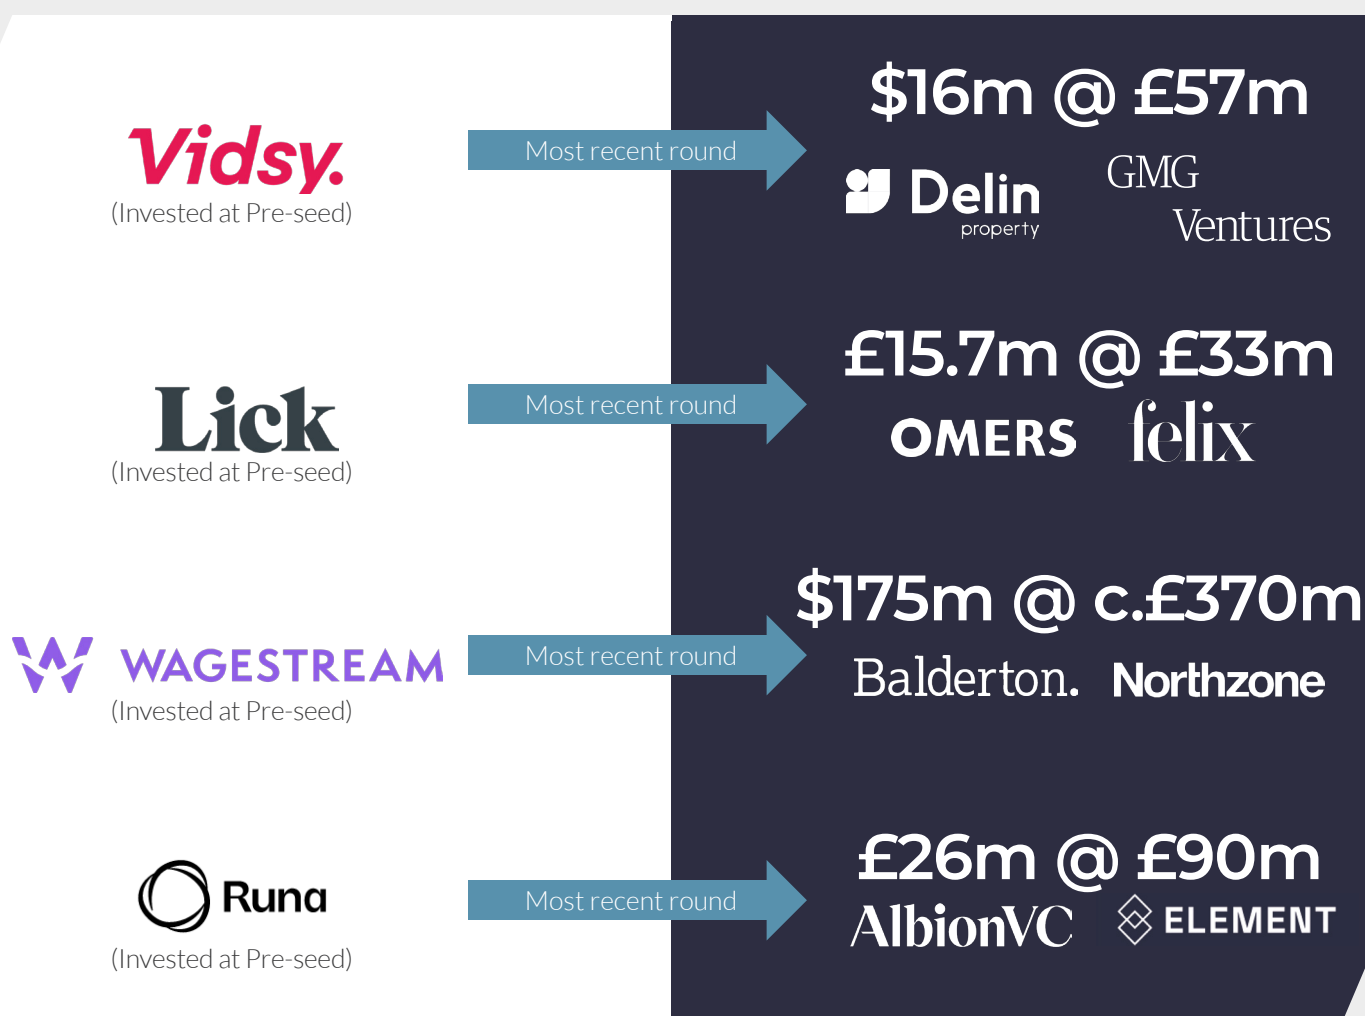

Iulia has spent nearly a decade working in tech - at the Startup Institute and at TechHub (one of London's oldest communities for startups) - in operations, community building and business development. She experienced first hand the challenges of expansion, built teams and planned/executed on go-to-market strategies. Previously, Iulia was at Digital Catapult where she focused on building relationships with the investor community and helped startups with their fundraising strategy.

Part Six

Ascension Track Record

In the last 24 months, many of Ascension portfolio companies have had follow on funding rounds, with now more than **70** valued at **+200%**

Healthy doughnut company, Urban Legend, partnered with Tesco in a move that will see its treats available in 50 stores across London and recently announced investment from England football captain, Harry Kane

Zen Educate, a marketplace that matches schools with teachers, announced its \$21m Series A fundraising to fuel its expansion to the US

MedAll, the platform which makes medical training accessible to all, recently had the Minister of Health speaking to the community

Captur, which provides mobility companies with vital insight on its operational infrastructure, announced key contracts with Tier and getir

Ascension Exits to Date

A sample of Ascension's Exits (December 31st, 2023)

			Exited to
	2015 Investment	10x	Partial Exit
	2015 Investment	10x	Partial Exit
	2019 Investment	8x	
	2017 Investment	6x	
	2015 Investment	6x	
	2019 Investment	5x	
	2016 Investment	4x	
	2018 Investment	2x	
	2018 Investment	2x	
	2016 Investment	2x	
	2020 Investment	1x	
	2018 Investment	1x	

Ascension has achieved **12 successful realisations** since 2018

One of the most recent exits was Gtmhub's acquisition of Greendeck. Others have come from big corporate/strategic buyers (Apple acquired Credit Kudos in April 2022, Santander Bank acquired HQ Mobile Ltd ('Albert') in December 2018; Unity, a large gaming company, acquired Chilli Connect Ltd in November 2019 and secondary share sales such as Percent for a 10x valuation.

Past performance is not a reliable indicator of future results

Part Seven

Fund Infrastructure

Part Seven: Fund Infrastructure

The Fund is not a distinct legal entity and is not considered to be a collective investment scheme as defined in section 235 of the Financial Services and Markets Act 2000.

The Fund will deliver one S/EIS portfolio for each Investor, which will comprise a number of discretionary managed portfolios, making investments as detailed in 'Part Two'. For legal and tax purposes (and as is typical with such funds) the Investor will be the beneficial owner of the shares in the relevant portfolio company. Investments will be managed collectively across all investor portfolios.

Ascension Ventures Ltd (“the Manager”)

Ascension acts as the Fund Manager to develop a portfolio of Investments with the aim of creating an exit for each of the Investments within three to six years (being mindful that S/EIS qualifying investments need to be held for at least three years). Investment returns, net of fees and charges, will be returned directly to the Investor, as they occur, and will not be reinvested.

Ascension is FCA authorised and a regulated UK Alternative Investment Fund Manager (AIFM).

Mainspring Nominees Limited (the Administrator and Custodian)

Mainspring Nominees Limited ('Mainspring') is the Administrator (winner of the Fund Administrator of the Year at the 2021 Private Equity Awards) and Custodian, providing safe custody, administration and other services to the Fund. Mainspring Nominees Limited is authorised and regulated by the Financial Conduct Authority under number **591814**.

The Administrator and Custodian will deposit and hold Investors' cash in one or more client bank accounts, in which Investor funds may be aggregated, with a banking institution that is regulated by the FCA and will be deposited in a segregated client money account in accordance with the rules and guidance in CASS 7 of the FCA Handbook, as may be supplemented, varied or amended from time to time (the “Client Money Regulations”). Shares will be held with a separate Nominee, segregated from the assets of the Manager and the Administrator and Custodian in line with the FCA's requirements in CASS 6. The Administrator and Custodian will provide bi-annual statements as of the 5 April and 5 October of each year to the Investors in the Fund.

The agreement with the Administrator and Custodian may be terminated by the Manager or the Administrator and Custodian upon 180 days' prior written notice from December 2020 although in certain circumstances (e.g. the insolvency of either party or an unremedied breach after notice) the Agreement may be terminated at any time.

Investor Updates & Events

Ascension will provide a bi-annual report to Investors detailing the progress of the Investee Companies. Five years after an investment in an investee business, portfolio reports will move to an annual basis each December.

Investors will also be invited to events organised by Ascension, where there will be a chance to meet members of the Ascension Team and a selection of portfolio companies. Investors wishing to get more information or who are interested in meeting more regularly are encouraged to contact elish@ascension.vc.

EIS Certificates & Ascension Portal

Following the issue of the EIS Qualifying Shares, the Investee Company will need to apply to HMRC for authorisation to issue tax relief certificates (EIS3 Form) to Investors. These certificates will enable Investors to claim the EIS Reliefs to which they are entitled (subject to each investor's personal tax circumstances). Although the time taken by HMRC to grant authorisation cannot be controlled by the Company, Ascension will seek to ensure that every effort will be made by the Directors of the Investee Companies to expedite the process and, as soon as authorisation is given, EIS3 Forms will be distributed to the Investors by Ascension's custodian, Mainspring.

Note: all UK tax advantages are subject to change and depend on an individual investor's personal circumstances.

Ascension Syndicate

Ascension has created an infrastructure, through Mainspring, to be the registered legal holder of Investments on behalf of the Investors, to facilitate potential follow-on funding or co-investment from Investors within Ascension's S/EIS funds. All Investors within this Fund may have pre-emption rights on the possible issue of new shares in an Investee Company and therefore may have the right, but not the obligation, to maintain their percentage shareholding in each Investee Company in which they have a beneficial shareholding, to avoid dilution, as they go through their potential funding rounds.

This Syndicate structure allows Ascension to continue overseeing the execution and management process on an Investor's behalf, along with keeping each portfolio company's capitalisation table 'clean' (i.e. fewer shareholders).

It is important to note that nearly all portfolio companies are forecast to need to raise further rounds of funding to continue their growth. By doing so, the Fund's percentage shareholding in these companies will be diluted. However, Ascension has found, where attainable, these further rounds of funding are often welcomed as the dilution effect is usually offset by having cash in reserve and, on occasions, a significant increase in the valuation of these companies.

Additionally, the Ascension Syndicate offers Investors the opportunity to co-invest alongside Ascension, after consultation with the Investee Company, into future Ascension fund opportunities. If this is of interest, please contact the team on investors@ascension.vc or 0207 183 8202.

Investors Eligible to Participate

The Fund is open for participation by prospective investors which can be categorised by the Manager as a Retail client under the rules of the FCA, subject to meeting certain regulatory requirements. Further information explaining how this categorisation can be affected, what it means, and the consequences thereof, is set out in the Investment Management Agreement.

Life of the Fund

In order to retain the S/EIS Reliefs, Investors must normally hold the Qualifying Shares acquired by the Manager for at least a three-year period, and no partial withdrawals are permitted within this time. It is intended that the Manager will consider options for realising the Qualifying Shares in the interests of the Investors after the expiry of the Three-Year Period.

With regard to the Three-Year Period and the feasibility of obtaining a realisation thereafter, the Fund has a target life of between three to six years, but there can be no guarantee that all Qualifying Shares will be realised within this period, or at all. The Manager may, in its absolute discretion, consider requests made to it by an Investor to liquidate any individual shareholdings in the Fund. The Manager will focus on the maximisation of value in considering the strategy for, and timing of, the realisation of the Qualifying Shares.

It would be prudent to view an investment in the Fund as medium to long term. An investment should only be made in the Fund on the basis that it will remain invested for at least three to six years, and that you are prepared to lose your entire holding.

Following any future realisations of the Qualifying Shares in an Investee Company, the realisation proceeds will be paid to Investors, on a company-by-company basis. Consequently, it is most likely that Investors will receive any distributions from the Fund over time.

Part Eight

Timetable & How To Apply

Part Eight: How To Apply

Online Application Process

If you wish to make a Subscription, please visit the Online Application Form by clicking below:

[Ascension Online Application](#).

This online application process includes any Anti-Money-Laundering (AML) and other regulatory checks to allow us to process your application smoothly.

Additional Information for Advisors

For advised clients, your financial advisor will be required to log into the online portal to confirm your application once it has been submitted. They will be notified of this via an automated email.

Advisors not already registered with Mainspring can use the link above to sign up and create an online account in a few easy steps. Investors can also add their advisor to their Application and they will be notified of their clients' submission with an automated email enabling them to review and confirm the Application.

Contact

If you have any questions about these documents or require any help filling in the Application Pack, please contact your Financial Advisor. Alternatively, please contact: investors@ascension.vc or or 0207 183 8202.

Part Nine

Fee Structure

Part Nine: Fee Structure

Investment and Management Fees

There are fees which are split between:

- a 5% up-front investment fee paid at the point of Subscription to the Fund
- and
- a Deferred Annual Management Fee equal to 1% but only payable upon any distribution made to Investors

Initial Charge (charged to Investee Company)

An initial charge may be payable to the Manager of up to 5% of the Fund's investment in the Investee Company. This Initial Charge **may be charged to the Investee Company.**

Use of Fees

- Legal and Administration costs
- All costs associated with the setting up of the Fund, including deal execution fees, Custodian and Administration Costs, all legal, share issue and start-up costs ("Fund Costs")
- Annual Administrator and Custodian fees
- All general day to day running costs of the Fund, including portfolio management

Fees for Follow-on Funding or Co-Investment

All Investors within this Fund may have pre-emption rights that apply on the issue of new shares in an Investee Company. Therefore they may have the right, but not the obligation, to maintain their percentage shareholding in each Investee Company in which they have a beneficial shareholding, to avoid dilution, as the Investee Company goes through subsequent funding rounds.

Fund Investors may also wish to co-invest ("Co-Investment") in an investment opportunity alongside the Fund.

The Fund structure allows Ascension to continue overseeing the execution and management process on an Investor's behalf for Follow-on Funding or Co-Investment, along with keeping each portfolio company's capitalisation table 'clean' (i.e. fewer shareholders).

Investors shall be charged a 2.5% fee on the gross investment amount for exercising their Follow-on Funding rights or on any Co-Investment with the Fund, should these be available.

Transaction Fee

Prior to any potential distribution being made to an Investor, in relation to each investment in an Investee Company by the Fund or any Follow-on Funding round or any Co-Investment, a transaction fee equal to 0.25% of the total amount available for distribution (prior to the deduction of the Annual Management Fee) will be deducted and paid to the Administrator and Custodian.

Performance Fee

Ascension will be entitled to a Performance Fee equal to an aggregate of:

- 20% of any returns to Investors above £1.30 per £1.00 of Subscriptions in the Fund; and
- Enhanced Performance Fee of 30% of any returns to Investors above £2.30 per £1 of Subscriptions in the Fund (i.e. after an Investor has received 200% of their gross invested amount net of fees and not including any tax relief); and
- 10% of any returns to Investors above £1 per £1 of any Investments made by Investors in any Investee Company on completion of any Follow-on funding rounds, subject to such subsequent investment being made by the Investor through the Manager using the same structure as the Fund ("Ascension Syndicate")

VAT

All these fees are excluding VAT, but if applicable, may be added.

Part Ten

Risk Factors

Part Ten: Risk Factors

This investment may not be suitable for all Investors. Investors should be aware that investing in unquoted companies (including Qualifying Companies) carries with it a high degree of inherent risk. This section contains the material risk factors that the Manager believes to be associated with an investment in the Fund but does not necessarily include all the risks associated with such an investment.

Investment Risks

The Fund will invest in venture capital opportunities with a strong focus on tech sectors. By definition, these are high-risk situations, which, if unsuccessful, may result in a total loss of the investment.

The Fund will invest in unquoted companies, the securities of which may not be freely marketable and this may restrict the Fund's ability and any Investor's ability to exit any Investment it makes.

An Investment in a fund such as the Fund should not be considered a short-term investment. Any withdrawals within the Three-Year Period will result in the loss of EIS tax reliefs in relation to those companies. The Manager is likely to seek an exit after at least three years. However, if this timing is not appropriate, it is possible that Investments may be held for a much longer period. It may take considerable time to realise any of the Fund's Investments, while it is possible none are ever realised.

One or more Investee Companies may fail, and their securities may be sold for substantially less than their acquisition cost or those securities may have no value at all. Accordingly, an Investor may potentially lose up to the total amount of an Investment in any Investee Company.

The value of securities can go down as well as up and this could result in an Investor incurring a total loss of their Subscription. If you cannot afford to lose all of your Subscription, you should not invest in the Fund.

There is no guarantee that the investment objective of the Fund will be achieved.

The past performance of investments by the Manager or advised by the Ascension Team should not be regarded as an indication of the performance of future Investments made by the Manager on behalf of Investors through the Fund.

It may be difficult to obtain accurate information to determine at any given time the value of the Fund's Investments.

Market makers may not be prepared to deal in the Fund's Investments, even if these achieve an AIM listing.

Many unquoted companies have small management teams and are highly dependent on the skill and commitment of a small number of individuals. The performance of Investee Companies may, therefore, be adversely affected by the departure or unavailability of certain key personnel.

Smaller unquoted companies requiring venture capital commonly experience significant changes and carry a higher risk than would an investment in larger or longer established businesses. Project development or technology related risks may be greater in such companies.

Force majeure events, which are events beyond the control of a party, including fire, flood, earthquake and other acts of God, terrorist attacks and war may affect a party's ability to perform its contractual obligations or may lead to the underperformance of an Investee Company.

Risks Relating to the EIS Scheme

It is possible that an Investor could cease to be entitled to certain tax benefits available under the EIS Scheme. For example, EIS Reliefs, CGT Reliefs and potential IHT Reliefs may be lost if an Investor receives value from the Investee Company (other than a normal dividend), in the period from one year before the issue of Qualifying Shares to the expiry of the EIS Three Year Period.

There is no guarantee as to the timing of the availability of EIS Compliance Certificates (EIS3 Forms) that are needed in order to claim EIS Reliefs, as this is determined by HMRC.

If the amount of an Investor's Subscription is such that its pro-rata beneficial interest in any Investee Company in the Fund exceeds 30% of the capital or voting rights (taking into account the interests of his "associates" as defined under the legislation, to mean certain relatives (but excluding siblings), trustees and business partners) the Investor will be treated as being "connected" to the Investee Company and will not be entitled to EIS or CGT Reliefs in respect of an Investment in that Investee Company. An investor will also be treated as connected to an Investee Company, and so not entitled to EIS or CGT Reliefs in respect of an Investment in that Investee Company, if he or an associate is employed by the Investee Company (with some exceptions for individuals who are employed as directors).

Other Risks Relating to Taxation

Whilst it is the intention of the Manager to invest in companies qualifying under the EIS legislation, the Manager cannot guarantee that all Investments will qualify for EIS Reliefs, CGT Reliefs or IHT Relief. Equally, following an Investment in a Qualifying Company, the Manager cannot guarantee the continued availability of EIS Reliefs, CGT Reliefs or IHT Relief relating thereto because this depends on the continuing compliance with the requirements of the EIS and IHT legislation by the Investee Company.

Where an Investor or an Investee Company ceases to maintain EIS status in relation to any individual Investment, it could result in the loss of some or all of the available reliefs (together with a possible charge to interest thereon).

Following the admission of an Investee Company to the Official List of the UK Listing Authority and to trading on the London Stock Exchange plc's market for listed securities (but not a quotation on AIM), Business Property Relief for IHT purposes will cease.

The levels and bases of reliefs from taxation may change or such reliefs may be withdrawn. The tax reliefs referred to in this Information Memorandum are based on legislation currently in force. The ultimate value of any tax relief available depends on the individual circumstances of Investors at the point of investment and subsequently. The tax rules described in this Memorandum are a summary only.

The tax reliefs referred to in this Information Memorandum may not apply throughout the life of the Investment.

The tax year for which EIS Income Tax Relief is available may be later than originally envisaged if the timing of Investments is delayed.

The dates on which EIS Income Tax Relief, CGT Deferral, and IHT Relief are available will be determined by the timing of the Fund's Investments and will not be known in full until the Fund has completed its Investments.

The Manager shall not be liable for any loss incurred by an Investor in relation to the value received by any person from any Investee Company at any time within the applicable period, or as a result of a change in circumstances of an Investee Company at any time within the relevant period.

The Manager retains complete discretion to realise an Investment in a Qualifying Company at any time (including within the EIS Three-Year Period from the date of an Investment) that it considers appropriate. If an Investment is realised within the EIS Three-Year Period, some or all of the tax advantages relating to that particular Investment will be lost. In exercising its discretion to make such a disposal, the Manager is not obliged to take into account the tax position of Investors (individually or generally).

The taxation treatment depends on the individual circumstances of that Investor and may change in the future.

Conflicts Policy

The Fund Manager, in accordance with FCA rules, operates its business in such a way as to minimise the occurrence of conflicts of interest and to enable it to resolve such conflicts in a fair manner if they arise.

The Fund Manager maintains a written conflicts policy, a copy of which is available on request.
